AI-NATIVE

LEARNING WITH INTELLIGENCE, LEADING WITH IMPACT

As one of India's first AI-Native B-schools, Jaipuria integrates artificial intelligence across learning, research, and career development.

Our AI ecosystem doesn't replace human teaching - it enhances it, ensuring that every student develops both the human judgment and technological fluency needed to lead in a data-driven world.

What Makes Jaipuria Truly AI-Native?

At Jaipuria, AI isn't an add-on — it's at the core of how we teach, learn, and lead.

From AI-powered learning tools and data-driven decision-making to predictive analytics in classroom performance and career readiness, technology seamlessly integrates into every aspect of your journey. This ensures you graduate not just tech-aware, but AI-confident — ready to thrive in a future shaped by intelligence and innovation.

AI as Culture

At Jaipuria, AI is embedded into the very fabric of academics through the Jaipuria AI Labs, offering hands-on experience with generative AI tools and making AI literacy a core part of everyday learning.

In your Assessments

Evaluation goes beyond exams. You're assessed on your ability to think critically, collaborate responsibly with AI, and make decisions in dynamic, real-world scenarios - just as leading employers evaluate management talent today.

Tools Designed for Real-World Readiness

You don't just learn AI; you use it every day to enhance your learning, career prep, and leadership potential.

Script - An AI-powered résumé builder aligned with recruiter expectations.

Rehearse - Your personal AI interview coach that sharpens communication and boost confidence.

Showrunner - A smart campus assistant that manages schedules, reminders, and updates.

Jaipuria AI Space - Free access to premium AI models (OpenAI, Anthropic, Gemini, and more) for research, projects, and competitions.

Every tool is designed to make you Career Ready, not just tech-aware.

Curriculum Embedded with AI Across Disciplines

Whether you specialize in Marketing, Finance, HR, Analytics, or Operations, AI is woven into your coursework - from predictive insights and automation to ethical decision-making and data-driven strategy.

You learn to harness data, build intelligent solutions, and drive transformation in real business contexts.

Learn by Doing, With AI Support

At Jaipuria, AI empowers you to move beyond theory.

You apply it in simulations, live projects, and industry assignments - developing both analytical precision and human judgment: the dual skill set the future demands.

AI-based Attendance Systems

Routine tasks such as attendance are automated, giving you more time to focus on learning while technology seamlessly streamlines your academic journey.

The Outcome

Companies today value AI fluency as much as management acumen.
At Jaipuria, you graduate with both - a deep understanding of business and the ability to apply AI responsibly and effectively.
With this foundation, you're not just employable - you're ready to lead digital transformation.

Why we call ourself AI-Native by Dr. Shiva Kakkar

CAREER READY
WHERE PREPARATION MEETS OPPORTUNITY

At Jaipuria, career readiness isn't a phase - it's a mindset built from day one.

Through a seamless blend of academic rigor, AI-powered preparation, and mentor-led guidance, you develop the clarity, confidence, and competence to excel in the real world.

Every course, project, and interaction is designed to connect you with industry, helping you grow not only as a job seeker but as a future leader who delivers with purpose and integrity.

Curriculum Designed for the Future

A future-focused, industry-aligned curriculum that integrates AI, analytics, and innovation prepares you for the rapidly changing business landscape.

Live Projects & Corporate Simulations

Complementing your internship experience, live corporate projects, case challenges, and simulations help you sharpen decision-making, teamwork, and analytical skills - ensuring you're job-ready and leadership-capable.

Summer Internship Programme (SIP)

Your Summer Internship Programme (SIP) bridges classroom learning with real-world experience. It helps you apply concepts, gain corporate exposure, and build confidence — shaping you into a professional ready to perform from day one.

Global Exposure & Cross-Cultural Learning

Learn from international faculty, experience global business environments, and develop cross-cultural competence through international immersion programs and collaborations.

Strong Network of Alumni

A powerful community of 16,000+ alumni across industries and geographies supports your growth through mentorship, insights, and career opportunities.

AI-powered Placement Tools

Supported by AI tools like Script, Rehearse, and Showrunner, you prepare smarter - from crafting résumés to acing interviews and tracking opportunities in real time.

WHY IT MATTERS?

By the placement stage, you're not just prepared - you are equipped. With AI-guided learning, mentorship, and real-world experience, you enter the corporate world ready to lead with confidence and character.

HOW TO APPLY

Choose the right program you wish to study, along with your preferred campus.

Check Your Eligibility Criteria

You must have a three-year Bachelor's degree or an equivalent qualification with at least 50% marks or an equivalent CGPA in any discipline from a university incorporated by an Act of the Central or State Legislature in India, or from any other educational institution established by an Act of Parliament or declared to be deemed a university under Section 3 of the the UGC Act, 1956.

If you are appearing for the final examination of your Bachelor's degree (or equivalent qualification) and are expected to complete all requirements for obtaining the degree by 30th June 2026, you are also eligible to apply. In such cases, admission will be provisional, subject to submission of the required evidence by 1st October 2026; failing which, your admission may be withdrawn from the programme.

Understand the Selection Process

The selection to the Post Graduate Diploma in Management (PGDM) programme is purely based on cumulative performance in CAT 2025*, CMAT, XAT, MAT, or GMAT scores, followed by a case analysis and personal interview. We will assess your profile and suitability for the programme through the case analysis and a personal interview.

The objective is to evaluate your interpersonal skills along with your overall knowledge. Due weightage is also given to past academic achievements and work experience, as per the parameters set by AICTE.
