ABES Engineering College, Ghaziabad - Detailed Student Handbook (Unofficial, v2.0)

Oct 15, 2026 · @Sharad Kochhar

How to use this handbook

This is an unofficial, AI-compiled student guide to ABES Engineering College, Ghaziabad (ABESEC, AKTU college code 032). It was built from public sources checked on 15 October 2026 and is not issued by ABES. Where the official ABES text says something different, the official text wins.

The first edition (41 pages) listed what could be verified. This edition keeps every verified fact, then adds depth: worked examples, step-by-step procedures, scenarios ("what if my attendance is 68%?"), templates and a large FAQ. The extra depth comes from national rules and from practice typical at AICTE/AKTU-affiliated colleges, and it is always labelled so you can tell it apart from ABES facts.

The five evidence labels

Read the label before you rely on any statement.

Label	Meaning	How much to trust it
VERIFIED	Taken from an official ABES page or document (homepage, Life@ABES, GRC page, Mandatory Disclosure of 18 March 2025)	High, but check the date
SECONDARY	Taken from a third-party site such as a college portal or student review	Clue only, not proof
NATIONAL RULE	National law or public service number (UGC, AICTE, POSH Act, 112)	High; applies to ABES but is not an ABES document
GENERIC	Typical practice at comparable colleges, added to explain what to ask	Do not treat as an ABES rule
NOT VERIFIED	No source found	Ask the named ABES office

Rules this edition follows

- No fee, date, rule, name or phone number has been invented for ABES. If a figure is not sourced, it is not given as an ABES figure.
- Worked examples use made-up numbers to show a method. They are marked "illustrative" and are not ABES data.
- Names of office-holders come from the March 2025 disclosure and may be out of date. Confirm with the Registrar.
- One big open question runs through the book: the March 2025 disclosure says ABES follows the AKTU scheme, while the 2026 homepage says "Autonomous College since 2025". Ask which scheme applies to your admission year before relying on any academic rule.

How to confirm a rule in five minutes

1. Find the office in the table in the Contacts chapter.
2. Email the published address with your enrolment details and one specific question.
3. Ask for the answer in writing, or for the name of the circular or ordinance that contains it.
4. Save the reply. A written answer settles most later disputes.
5. If there is no reply in a week, ask your class coordinator or HOD to raise it, then use the escalation ladder in the Grievances chapter.

How the chapters are organised

Chapters 1-4 cover joining and paying. Chapters 5-8 cover studying and exams. Chapters 9-12 cover conduct, safety rights and student life. Chapters 13-15 cover living on and around campus. Chapters 16-18 cover careers and research. Chapters 19-22 cover safety, IT, wellbeing and complaints. Chapters 23-26 cover paperwork, special situations, graduation and parents. Chapter 27 is a large FAQ, and chapters 28-31 hold contacts, templates, checklists and the verification record.

Chapter 1: Institute overview

ABES Engineering College is a private, self-financed, co-educational engineering college in Ghaziabad, founded in 2000 and affiliated to Dr. A.P.J. Abdul Kalam Technical University (AKTU), Lucknow. It is not a stand-alone university. Do not confuse it with ABES Institute of Technology (ABESIT, college code 290), a different institute that this handbook excludes.

1.1 Identity at a glance (VERIFIED, Mandatory Disclosure March 2025 unless stated)

Item	Detail
Official name	ABES Engineering College, Ghaziabad (ABESEC)
Established	2000
Sponsoring society	Society for Educational Excellence, 80 Navyug Market, Ghaziabad-201001
Type	Private, self-financed, non-minority, co-educational
Affiliating university	AKTU, Lucknow (college code 032)
Regulator approval	AICTE, New Delhi; approval dated 30-06-2024 for academic year 2024-25 (check current year)
Campus address	19th KM Stone, NH-09 (formerly NH-24), Ghaziabad-201009, Uttar Pradesh
Phone / fax	0120-7135112 / 0120-7135115; mobile +91-9999889341
Emails	info@abes.ac.in (general); webadmin@abes.ac.in (website)
Academic hours	08:30 am to 04:30 pm
Nearest railway / airport	Ghaziabad station (4 km); IGI Airport, Delhi (60 km)
Website	https://www.abes.ac.in

1.2 Vision, mission and values

The official site (VERIFIED) describes ABESEC as built on the Guru-Shishya Parampara, with stress on human values, academic excellence and composite personality development. Its listed core values are integrity, excellence and innovation, and the homepage carries a pledge to make India a "Vishwa Guru in AI". A formal numbered vision and mission statement was not located (NOT VERIFIED). Ask the Director's office or IQAC if you need the exact text, for example for a scholarship or visa form.

1.3 Who runs the college

The Board of Governors (March 2025, VERIFIED, may have changed) had Sh. Neeraj Goel as Chairman and Sh. Shashwat Goel as General Secretary. It also included a university nominee, a State Government nominee (Director, DTE Kanpur), industrialists, academicians, two parent members and the Director as Member Secretary.

Role	Person (as published March 2025)	Contact
Director	Prof. (Dr.) Devendra Kumar Sharma	director@abes.ac.in
Registrar	Ms. Nitika Jain	registrar@abes.ac.in
Dean, Campus Life & Student Welfare	Mr. Mohit Misra (grievance table)	dcsw@abes.ac.in
Dean, Student Welfare (Life@ABES page)	Prof. (Dr.) Amita Tripathy	not listed
Chief Proctor	Prof. (Dr.) Rati Ranjan Panda	rati.panda@abes.ac.in
Dean Examinations	Dr. R.K. Tiwari (IQAC list)	not listed
Dean Trainings	Dr. Amit Sinha (IQAC list)	not listed
Dean Admissions	Dr. Devendra Kumar, HOD-MCA (IQAC list)	not listed
Dean Research	Prof. (Dr.) Rohit Sharma (faculty list)	not listed
IQAC Head	Dr. Kimmi Verma	not listed

The two official sources name the Student Welfare dean differently (conflict C-3). Treat all names as "as published" and ask the Registrar who holds the post today.

1.4 Departments, programmes and intake

Intake below is for AY 2024-25 from the Mandatory Disclosure (VERIFIED). The 2026 homepage shows different numbers (for example CSE 900, CSE-AIML 360, BCA 120) without a date, so the true current intake needs confirmation from Admissions.

Department	Programme(s)	Intake AY 2024-25
Computer Science & Engineering	B.Tech CSE (NBA accredited); M.Tech CSE	1080 UG; 12 PG
CSE (AI & ML)	B.Tech CSE (AIML)	180
CSE (Data Science)	B.Tech CSE (DS)	180

Department	Programme(s)	Intake AY 2024-25
Electronics & Communication	B.Tech ECE (NBA accredited); M.Tech ECE	180 UG; 6 PG
Electrical & Computer Engineering	B.Tech ELCE (started 2022-23)	120
Mechanical Engineering	B.Tech ME (NBA accredited)	60
Computer Applications	MCA (full time); BCA is listed on the homepage	MCA 180
Working-professional tracks	B.Tech CSE (WP), ECE (WP)	30 each
Applied Science & Humanities	First-year and foundation teaching	not applicable

Information Technology, Electrical (EEE), Civil and some other programmes were closed or not admitting from 2023-24 or 2024-25.

1.5 Accreditation and recognition

- NAAC: grade A (VERIFIED). The cycle and validity dates were not stated.
- NBA: CSE, ECE and ME were accredited from 01-07-2022 to 30-06-2025 (VERIFIED). That period has ended as of this handbook's date and renewal is not verified. The homepage still labels programmes "NBA Accredited" (conflict C-8).
- AICTE: approval of 30-06-2024 for 2024-25. Later approvals are linked from the site's AICTE approvals page, which was not opened.
- NIRF: engineering band 201-300 (2024) is reported by a secondary source only.

Why this matters to you: employers, foreign universities and some government schemes ask whether your programme is AICTE-approved and NBA-accredited for your years of study. Keep a printout of the approval and accreditation letters for your admission year.

1.6 Official web pages

Purpose	Link
General information and notices	https://www.abes.ac.in
Admission enquiry (2026-27)	https://erp.abes.ac.in/onlineenquiry
Placements	https://www.abes.ac.in/placement.html

Purpose	Link
Grievance Redressal Cell	https://www.abes.ac.in/GRC-grievance-redressal-cell.php
NCC	https://www.abes.ac.in/ncc.html
Unnat Bharat Abhiyaan	https://abes.ac.in/uba-wing.html
Research and consultancy	http://orbits.abes.ac.in/ and https://abesec.in/CARE-department.php

1.7 Calendar and annual events

The disclosure points to the AKTU academic calendar as governing. If ABES now runs its own autonomous scheme, an ABES calendar would apply instead, and none was found (NOT VERIFIED). ABES publishes four annual events: Genero (cultural fest), TechFest, Utsaah (sports and celebration) and TEDx. Dates are not published in sources accessed.

1.8 A typical year, in words (GENERIC)

Indian engineering colleges commonly run an odd semester from July or August to December and an even semester from January to May, with sessional tests about midway and end-semester exams at the close. Fests cluster in the even semester, and campus placements run mainly from August to February. Confirm every date against the calendar issued for your batch.

Chapter 2: Admission and enrolment

Most B.Tech students enter through Uttar Pradesh counselling (UPTAC) on the basis of a JEE Main rank; MCA uses a CUET rank; lateral entry and working-professional tracks have their own routes. The official ABES text only says admission is "as per norms of U.P. Government/University", so the step-by-step detail below is labelled generic and must be checked against the current UPTAC and AKTU brochures.

2.1 Programmes and durations (VERIFIED)

Programme	Duration	Note
B.Tech	4 years	CSE, CSE (AIML), CSE (DS), ECE, ELCE, ME
B.Tech lateral entry	3 years	Joins in second year

Programme	Duration	Note
M.Tech	2 years	CSE and ECE
MCA	2 years	Full time
Working-professional B.Tech	Schedule not published	CSE and ECE, 30 seats each in 2024-25

2.2 Admission routes

Route	What is verified	What is not
B.Tech first year, counselling seats	Admission is per U.P. Government/University norms (S3); secondary sources say UPTAC counselling run by AKTU on JEE Main rank (SECONDARY)	Current-year brochure dates
B.Tech direct / vacant seats	Seat categories "Direct/Vacant" appear in S3	Eligibility, process and fees
Tuition Fee Waiver (FW)	Category appears in S3	The exact rank rule
PMSSS (J&K and Ladakh scheme)	Category appears in S3	Application steps
EWS and Kashmiri Migrant (KM)	Categories appear in S3	Percentages
MCA	S3 lists CUET-rank cut-offs; secondary sources say CUET-PG	ABES process
M.Tech	Programme exists	Entrance route (GATE or university process is typical)
Online enquiry	https://erp.abes.ac.in/onlineenquiry ("Admissions open for 2026-27")	Whether it is an application or only an enquiry form

2.3 Cut-off history (VERIFIED, Mandatory Disclosure 18 March 2025)

Ranges are opening-closing ranks as printed, General category. Past cut-offs do not predict future ones, and ranges are wide because they combine several rounds and categories.

Branch	2024	2023	2022
CSE	169549-300882	79019-805027	27629-681430
CSE (AIML)	180332-323836	103274-919591	81271-748129
CSE (DS)	208483-357556	136456-779897	84038-806693
ECE	233291-585728	197627-919589	128645-852846
ELCE	303880-1111526	372833-842453	187957-680045
ME	523786-1262568	438812-1003729	not given
MCA (CUET rank)	7692-17029	1980-24292	256-15666

How to use this table: the closing end of the range tells you roughly how far down the rank list seats were being filled in some round. If your rank is far inside the opening end, you were very likely to get the branch; if it is near or beyond the closing end, you depended on later rounds, category and seat availability. Never treat it as a guarantee.

2.4 Eligibility (GENERIC, confirm with UPTAC/AKTU)

- B.Tech: Class 12 with Physics and Mathematics plus one of Chemistry, Biology, Biotechnology or a technical vocational subject; minimum aggregate set by AICTE/AKTU (commonly 45% general, 40% reserved categories); a valid JEE Main rank.
- Lateral entry: a 3-year diploma in engineering/technology, or a B.Sc. with Mathematics, into the second year, normally through UPTAC.
- MCA: a bachelor's degree with Mathematics at Class 12 or graduation level and a valid entrance score (confirm the current rule).
- M.Tech: a relevant B.Tech/B.E. and a valid GATE score or the process notified by the university.

2.5 Documents to keep ready (GENERIC)

Document	Why it is asked
Class 10 certificate and marksheet	Proof of date of birth and name

Document	Why it is asked
Class 12 marksheet	Eligibility and aggregate
JEE Main / CUET / GATE scorecard	Rank verification
Seat allotment letter and provisional fee receipt	Proof of seat
Category (SC/ST/OBC) or EWS certificate	Reservation, if claimed. Use the format and date validity the brochure asks for
Domicile certificate	State-quota seats
Transfer / migration certificate	Moving from the previous institution
Photo ID and passport photographs	Identity
Medical fitness certificate	Fitness to study; hostel needs
Anti-ragging affidavits (student and parent)	Required by regulation
Gap or character certificate, if applicable	Some admissions ask for it

Carry originals and two sets of photocopies. Many students lose a seat because a certificate is in the wrong format or has expired, so check validity dates before you travel.

2.6 Step by step (GENERIC)

1. Register for counselling on the UPTAC/AKTU portal and pay the registration fee.
2. Fill and lock choices of college and branch in the order you truly prefer.
3. Wait for the seat allotment result for each round and read the instructions on freezing, floating or sliding.
4. Pay the provisional fee as the brochure directs and download the allotment letter.
5. Report to the college for document verification within the reporting window.
6. Pay the remaining fee and complete enrolment with AKTU.
7. Submit anti-ragging affidavits and collect your ID card.
8. Apply for hostel (Chapter 13) and scholarships (Chapter 4) right away, since their deadlines are separate.

2.7 Reservation

Reservation for counselling seats follows U.P. Government policy (SC, ST, OBC, EWS, persons with disability, freedom-fighter and other horizontal categories). The disclosure lists EWS, Fee Waiver and PMSSS special seats. Exact percentages at ABES are NOT

VERIFIED; use the UPTAC information brochure.

2.8 Cancelling, withdrawing, refund, deferral and branch change (GENERIC)

No ABES-specific policy was found. Typically:

- AICTE's withdrawal schedule applies: a full refund less a small processing fee if you withdraw before a notified date, then lower refunds in stages. The dates change every year, so read the current AICTE refund notice and your admission letter before paying.
- Original documents are returned after dues are cleared.
- Branch change, if allowed at all, is limited, merit-based, depends on vacancies, and needs university permission.
- Deferral of admission is rarely allowed; ask in writing before the reporting date.

2.9 Common admission problems

Problem	First contact	If not solved
Seat allotment or counselling error	UPTAC helpdesk / AKTU	AKTU admissions cell
Document verification discrepancy	Admissions office, via info@abes.ac.in	Registrar
Fee query at admission	Accounts office (not verified)	Registrar, then GRC
Name or date-of-birth mismatch across documents	Admissions office, then the issuing board	Registrar
Certificate not ready by reporting date	Admissions office: ask for a written extension	Registrar

2.10 Beware of scams

The only official online enquiry link published on the ABES pages is https://erp.abes.ac.in/onlineenquiry. Counselling seats are allotted through UPTAC, so pay fees only through the channels stated in your allotment letter, never to an individual agent, and keep every receipt. Report suspected fraud to the Registrar and to cybercrime.gov.in or 1930.

Chapter 3: Fees and payments

No official ABES fee amount could be retrieved: the three official fee pages cited in the Mandatory Disclosure returned an access error on 15 October 2026. Every rupee figure below comes from a secondary source and must not be used for payment. Get the current fee structure from the official pages or from the Accounts office, in writing, before you pay.

Official fee pages (cited in the disclosure, not opened): https://www.abes.ac.in/fee-structure.php, https://www.abes.ac.in/fee-m.tech.php and https://abesec.in/fee-structure.php.

3.1 What is officially stated (VERIFIED)

- The disclosure lists fees as "As per norms" for every programme. Tuition for counselling seats is set under the State Government fee-fixation framework.
- Separate fee structures exist for B.Tech, M.Tech and MCA.
- Tuition Fee Waiver seats exist.
- Scholarship information on ABES pages is limited to pointers to State and Central schemes.

3.2 Figures reported by secondary sources (NOT VERIFIED)

Item	Approximate figure reported	Caveat
B.Tech, 4-year total, counselling seats, 2025-26	about Rs 5.01 lakh	Subject to revision
B.Tech management quota, 2025	about Rs 6.62 lakh total	Contact the college
B.Tech lateral entry, 3-year total, 2025-26	about Rs 3.91 lakh	Third-party figure
Fee waiver (rank-based)	tuition reduced, amount varies	Official rule not seen

A four-year total of about Rs 5.01 lakh would average roughly Rs 1.25 lakh a year, but this is only arithmetic on an unverified number. Real structures usually differ by year and by head.

3.3 Typical fee heads (GENERIC)

Head	What it covers	Refundable?
Tuition	Teaching	No
Registration / enrolment	University enrolment, one time	No
Examination	Exam conduct, paid per semester or year	No
Laboratory and library	Consumables, resources	Usually no
Caution deposit	Security against damage or dues	Yes, after clearance
Hostel and mess	Room, food, electricity	Hostel deposit usually yes; rent usually no
Transport	Bus service	Depends on notice
Activity / development	Student activities, infrastructure	No

3.4 How payment usually works (GENERIC)

1. Find the semester or annual fee notice and the last date.
2. Pay only through the portal or bank account named in the notice.
3. Save the receipt as a PDF and take a photo of any paper slip.
4. Check that the receipt shows your name, enrolment number, head, amount, date and transaction reference.
5. If the amount does not appear in the college record within a few working days, email Accounts with the receipt attached, copying the Registrar.

3.5 Late payment and holds (GENERIC)

Colleges commonly charge a late fee per day or a flat fine, and prolonged non-payment can lead to being kept out of classes or exams or to results and documents being withheld. If you cannot pay on time, write to the Registrar before the due date explaining the reason and asking for an extension or instalments. A request made before the deadline is treated very differently from silence after it.

3.6 Refunds and caution money (GENERIC)

- At admission: AICTE's refund schedule applies (see Chapter 2).
- Mid-year: usually not refunded except hostel or caution amounts as notified.
- Caution deposit: returned after you finish or leave, once the library, lab and hostel clear you. Apply in writing, with the original receipt and a bank account in your own name.

3.7 Budgeting example (illustrative, not ABES data)

Suppose the annual college fee is F, hostel and mess cost H a year, and you estimate Rs 3,000 a month for travel, phone, books and personal costs over 10 months.

```
Annual cost = F + H + (3000 × 10)
```

If F = 1,25,000 and H = 1,00,000, the yearly cost would be 1,25,000 + 1,00,000 + 30,000 = Rs 2,55,000. Replace these made-up numbers with the real ones. Also set aside a buffer of 5 to 10 percent for fee revisions and one-time costs such as a laptop, lab coat or project materials.

3.8 Fee disputes

First raise it with the Accounts office, then the Registrar, then the Grievance Redressal Cell (Chapter 22). Always attach receipts, and write dates and the names of anyone you spoke to. Keep a folder for every fee receipt from your first day to graduation; you will need them for loans, scholarships, tax claims and clearance.

3.9 Tax and loan paperwork

Tuition paid may help parents claim a tax deduction (Section 80C in the Income-tax Act, subject to current rules), and education-loan interest may be deductible under Section 80E. Rules change, so ask a tax professional. For a loan, banks usually need an admission letter, a fee structure certificate and bonafide from the college; apply early because the Registrar's office takes time to issue them.

Chapter 4: Scholarships and education loans

The scholarships that ABES's pages point to are government schemes rather than ABES's own awards. The college's role is to verify your enrolment and forward your application, so the most common failure is a missed deadline or a document mismatch rather than ineligibility. ABES's own merit scholarships, if any, are NOT VERIFIED; ask the Registrar.

4.1 Schemes to check (NATIONAL RULE, amounts and dates change every year)

Scheme	Who it is for	Where to apply
U.P. Post-Matric Scholarship / Fee Reimbursement (SC/ST/OBC/general low income)	Eligible U.P. students, by category and family income	scholarship.up.gov.in
National Scholarship Portal schemes	Eligible by category, income or merit	scholarships.gov.in
AICTE Pragati	Girl students in AICTE-approved technical programmes	AICTE scholarship portal
AICTE Saksham	Students with disabilities	AICTE scholarship portal
Tuition Fee Waiver (TFW) seat	Rank-based seat given through UPTAC allotment	Through counselling
PMSSS	Students from Jammu & Kashmir and Ladakh	Scheme portal

Eligibility rules (income ceilings, percentage required to renew, number of beneficiaries per family) are set by the government each year. Read the current notification rather than relying on this table.

4.2 Typical application steps (GENERIC)

1. Before you apply, collect Aadhaar, a bank account in your own name linked to Aadhaar, income certificate, category certificate, Class 10/12 marksheets, your admission letter and fee receipt.
2. Register on the portal and complete one-time registration.
3. Fill the application accurately. A mismatch between name or date of birth on the form and on your documents is the most common cause of rejection.
4. Upload documents in the required size and format.
5. Submit, then print the final application and note the application ID.
6. Take the required printouts to the college scholarship desk or nodal officer for verification before the portal deadline.
7. Track status on the portal every week. Respond within days if a query is raised.

4.3 Scholarship scenarios

Situation	What to do
Application shows "pending at institute"	Ask the Registrar's office or scholarship desk to verify it; send the application ID by email
Rejected for a document mismatch	Correct the document, then reapply if the window is still open; ask the nodal officer about re-submission
Deadline missed	Write to the Registrar and the portal helpdesk quickly; extensions are possible but not guaranteed
Money not received months after approval	Check bank-Aadhaar seeding (the commonest cause), then contact the portal helpdesk with the application ID
Fee must be paid before reimbursement	Ask the college in writing whether a deferment is available while the scheme money is pending
Scholarship needs renewal each year	Note the renewal window at the start of every session; do not assume it renews automatically

Be careful with any website or person who asks for money to "process" a scholarship. Genuine government portals do not charge for applications.

4.4 Education loans (GENERIC, national banking practice)

- Documents a bank usually needs: admission letter, fee structure or demand letter, bonafide certificate, marksheets, KYC for you and a co-borrower, and income proof of the co-borrower.
- Government-backed schemes (such as the Central Sector Interest Subsidy scheme and the PM-Vidyalaxmi portal) exist for eligible students; check current eligibility and use official portals only.
- Most loans start repayment after a moratorium, often the course period plus a short period, but terms differ by bank.
- The college typically releases fee demand letters through the office. Apply early so the bank can disburse before the due date.

4.5 Keeping a scholarship file

Keep one folder, paper and digital, with the application, the acknowledgement, the portal receipts, the college verification slip, and any correspondence. Renewal and audit checks often ask for old records.

Chapter 5: Academic structure and curriculum

The first thing to settle is which rulebook governs your batch. The March 2025 disclosure says curriculum, syllabus and calendar follow AKTU, while the 2026 homepage says "Autonomous College since 2025". If autonomy has taken effect for your admission year, ABES's own regulations override the AKTU-style rules described here. Ask the Registrar or Dean Examinations for the ordinance that applies to your year, and keep a copy.

5.1 What is verified

- Syllabus pages are on AKTU's site (https://aktu.ac.in/syllabus.html), per the disclosure.
- Internal evaluation and faculty assessment are described only as "as per norms".
- Timetables and teaching load are available from the department.
- After every semester, each student fills an online feedback form on each faculty member, scored 1 to 5 per attribute; results go to the Director and HODs.

5.2 Typical structure under an AKTU-style scheme (GENERIC)

Topic	Typical position	Who to confirm with
Length	8 semesters for B.Tech; 4 for M.Tech and MCA	HOD
First year	Common courses: Physics or Chemistry, Mathematics, programming, communication, mechanics or electrical basics	First Year Coordinator
Credits	Each course has credits by lecture, tutorial and practical hours; a minimum total is needed for the degree	Dean Examinations
Evaluation	Continuous internal assessment (class tests, assignments, attendance) plus end-semester exam; practicals have internal and external components	Course faculty
Grading	Grade points and letter grades; SGPA each semester, CGPA cumulative	Exam cell

Topic	Typical position	Who to confirm with
Electives	Choice windows open at set semesters; limited seats	HOD
Mentoring	A class coordinator or faculty mentor per section	HOD

5.3 Credits, SGPA and CGPA with worked examples (illustrative, not official)

```
SGPA = sum(credit × grade point) / sum(credits)
```

Example 1. Three courses with credits 4, 3 and 2 and grade points 9, 8 and 10 give (36 + 24 + 20) / 9 = 8.89.

Example 2, a whole semester.

Course	Credits	Grade point	Credit × grade point
Maths	4	8	32
Physics	3	7	21
Programming	4	9	36
Communication	2	10	20
Programming lab	1	9	9
Total	14		118

SGPA = 118 / 14 = 8.43.

CGPA is the same calculation across all semesters, weighted by credits, not a plain average of SGPAs. Example: semester 1 SGPA 8.43 on 14 credits and semester 2 SGPA 7.60 on 20 credits give (8.43 × 14 + 7.60 × 20) / 34 = (118.0 + 152.0) / 34 = 7.94.

Percentage conversion differs by university. Use only the published formula; do not use a conversion from a website.

5.4 How to plan a semester

1. In week one, collect the course list, syllabus, internal-marks split and the timetable.
2. Write down every test, assignment and lab submission date in one calendar.
3. Meet your mentor in the first fortnight and agree one academic goal.
4. Track attendance weekly (Chapter 6).
5. Check your internal marks before the end-semester exam eligibility list is prepared.

6. Keep notes and assignment copies; they matter if a mark is disputed.

5.5 Electives, minors, honours and open courses

Whether ABES offers minors, honours or interdisciplinary tracks under your scheme is NOT VERIFIED. If you want one, ask the HOD for the scheme document, the eligibility CGPA and the last date to register, in writing.

5.6 Add, drop, repeat and improvement

Semester withdrawal, course repetition, grade improvement and credit transfer rules are NOT VERIFIED for ABES. Under an AKTU-style scheme they are set by university ordinance; under an autonomous scheme by ABES's own academic regulations. Ask the Dean Examinations which applies to you.

5.7 Choosing between branches and electives (guidance, not policy)

- Look at what you can sustain for four years: coding-heavy branches (CSE and its variants) need steady practice; ECE and ELCE add circuits and signals; ME adds mechanics and design.
- Placement statistics (Chapter 16) vary a lot between branches and years and are not guaranteed outcomes.
- Talk to seniors and the HOD before you make an irreversible choice, and compare at least two views.

Chapter 6: Attendance, leave and absence

Assume a 75% minimum and track it yourself every week. ABES's written attendance regulation was not found on accessible official pages. Multiple student reviews on a third-party site report 75% for all branches and years, with strict enforcement affecting internal marks and exam eligibility (SECONDARY, anecdotal). Nationally, 75% is also the most common norm at AICTE/AKTU-affiliated colleges (GENERIC). Ask your HOD for the written rule for your batch.

6.1 Typical provisions (GENERIC, confirm with ABES)

Topic	Typical rule
Minimum attendance	75% overall and often per subject, counted over classes actually held

Topic	Typical rule
Medical leave	Application with a doctor's certificate within a few days of returning
Duty leave	For sports, cultural or technical events approved by the Dean or coordinator; list submitted before travel
Condonation	Limited relaxation (for example up to 10%) on documented grounds, sometimes with a fee
Shortage	Debarred from the end-semester exam; repeat the course or semester
Absence from an exam	Treated as absent; a supplementary or special exam only if permitted
Late arrival	Entry after a grace period may be marked absent for that lecture

For first-year students, reviews describe leave as restricted except for genuine reasons. Get written approval and keep records for any absence.

6.2 How to calculate attendance (illustrative, not official)

```
Attendance % = (classes attended / classes held) × 100
```

Let H be classes held so far and A be classes attended. If F more classes will be held in the rest of the semester, the minimum you must attend is:

```
Minimum future classes to attend = 0.75 × (H + F) − A   (round up)
```

Example. H = 120, A = 84, so attendance is 70%. If 40 more classes will be held, you need 0.75 × 160 − 84 = 36 of them, so you can miss at most 4.

If instead you want to know how many classes in a row you must attend to reach 75% right now, use:

```
Classes in a row needed = 4 × (0.75 × H − A)
```

For H = 120 and A = 84 this is 4 × (90 − 84) = 24 consecutive classes. (The first edition said "6 more classes" for this case; that figure ignored that each class you attend also adds to the total held. Use the formulas here.)

6.3 Quick table: how many classes can you miss?

Assume 75% is required. This table shows, for a subject with a given number of total classes in the semester, the largest number you may miss (rounded down).

Total classes in the semester	Maximum you can miss	Minimum you must attend
40	10	30
48	12	36
56	14	42
60	15	45
80	20	60
100	25	75

This counts all absences together, including medical and duty absences that are not condoned. Use it for planning, not as permission to skip.

6.4 What-if scenarios

Scenario	What to do
Attendance is 68% with 3 weeks left	Calculate the minimum future classes. If it is mathematically impossible, ask the HOD about condonation now, with documents
Fell ill for 10 days	Collect the medical certificate and prescriptions, submit within the allowed period, and ask faculty for missed notes
Representing the college at an event	Get the duty-leave list approved before you travel and a signed attendance slip afterwards
Marked absent while present	Tell the faculty the same day; escalate to the class coordinator and HOD with a written note if it is not corrected
Family emergency	Email the HOD and class coordinator immediately, then submit proof within the stated period
Short in one subject only	Ask whether the rule is per subject or overall; if per subject, meet that faculty member early

Scenario	What to do
Lab sessions missed	Ask whether the lab can be made up; labs are often not repeatable
Online or hybrid class absence	Ask whether attendance is counted online and how

6.5 Habits that protect your attendance

- Check your attendance every Friday; do not wait for a notice.
- Treat 80% as your personal floor so one illness does not put you at risk.
- Never rely on a friend to mark attendance for you. Proxy attendance is misconduct and can lead to disciplinary action (Chapter 9).
- Keep a copy of every approved leave application and every medical document.

6.6 If you are debarred

Ask the HOD in writing for the reason, the exact percentage shown, and the appeal route. Then apply for condonation if the rule allows, attach documents, and escalate to the Dean, Director and Grievance Redressal Cell (Chapter 22) if necessary. Keep your own attendance records as supporting evidence.

Chapter 7: Examinations

ABES describes a "Central Examination Facility" as available "as per university norms", and names Dr. R.K. Tiwari as Dean Examinations (IQAC list, March 2025). Its examination regulations, form schedule, re-evaluation procedure and fees were not found. Everything below about how exams usually run is GENERIC and must be confirmed with the Dean Examinations or the exam cell.

7.1 Typical examination framework (GENERIC)

Topic	Typical practice
Eligibility	Attendance threshold met, dues clear, internal marks submitted, exam form filled
Types	Class tests or sessionals, end-semester theory, practical, viva, project evaluation
Admit card	Issued online or through the college; carry it with your college ID

Topic	Typical practice
Hall rules	Report before time; no phones, smart-watches or notes; calculator only if permitted; seating as assigned
Late arrival	Entry is usually barred after a fixed time from the start
Unfair means	Cheating, impersonation, copying or possessing material is reported to a committee; penalties run from cancellation of the paper to the whole semester and further action
Results	Published on the university or college portal; report errors through the exam cell
Re-evaluation	Application with fee in a notified window; may begin with scrutiny or photocopy
Backlog exam	Held per university schedule, with separate form and fee
Accommodations	Extra time or a scribe for persons with disability on documentary evidence, through the Equal Opportunity Facilities Cell

7.2 The exam timeline, step by step (GENERIC)

1. Check the exam eligibility list as soon as it is displayed. If your name is missing, act the same day.
2. Fill the exam form within the window. Late forms usually carry a fine, or are refused.
3. Verify the subject codes, spelling of your name and photo on the form.
4. Download the admit card and check name, roll number, subjects and centre.
5. Visit the exam hall location the day before if it is new to you.
6. On exam day, carry the admit card, college ID, permitted stationery and nothing else.
7. After the exam, do not discuss answers in the hall area.
8. Check the result on release and apply for scrutiny or re-evaluation within the window if needed.

7.3 Internal assessment

Internal marks usually combine class tests, assignments, attendance and sometimes lab performance. Ask each faculty member in the first week for the split, the dates, and how absent tests are handled. Check your internal marks when they are displayed and report any mistake to the faculty in writing before they are submitted; after submission they are hard to change.

7.4 Practical exams and viva

Prepare your lab file and record every experiment on time. A viva usually tests whether you understand your own experiments, so revise aim, theory, procedure and observation for each. Always sign and date your file at each submission.

7.5 Medical emergency during an exam period

Inform the exam cell the same day if possible, and carry medical proof. Whether a make-up paper is allowed depends on the university or the committee. Do not assume it. Ask in writing and keep a copy.

7.6 What counts as unfair means (GENERIC)

- Carrying notes, phones, smart-watches or any written material into the hall.
- Copying from another candidate or letting someone copy.
- Impersonation or sending someone else to write your paper.
- Writing your roll number or an appeal on the answer sheet.
- Tampering with admit cards or answer sheets.

An accusation usually goes to a committee, which should hear you. Ask for the notice in writing, reply in writing within the time given, and ask for the appeal route. If you did nothing wrong, state the facts calmly and give any evidence.

7.7 How to prepare (guidance)

- Start revision 6 weeks before the exam, not 6 days.
- Solve at least five previous question papers per subject, under timed conditions.
- For each subject, list topics by marks weightage and revise high-weightage topics twice.
- Sleep at least 6 to 7 hours in the exam fortnight. Late-night cramming reduces recall.
- Write neat, labelled diagrams; they are easy marks in engineering subjects.
- In the hall, read the paper fully, mark questions you can do, and start with your strongest.

7.8 Special accommodations

Students with disabilities should contact the Equal Opportunity Facilities Cell (fyc@abes.ac.in, VERIFIED mailbox) well before exams, with documentary proof. Ask for confirmation of extra time, scribe, seating or other support in writing, and carry the approval letter to every exam.

Chapter 8: Results, re-evaluation, backlogs and improvement

ABES-specific rules on passing marks, grade scales, carry-overs, re-evaluation and improvement were not found (NOT VERIFIED). This chapter explains the common mechanics at AKTU-style colleges and gives you a method for each situation. Every specific threshold must be confirmed in your scheme document.

8.1 Reading your result (GENERIC)

Item	What to check
Name, roll number, enrolment number	Must match your records exactly
Course codes and credits	Must match the courses you studied
Internal, external and total marks or grade	Compare with your own record of internals
Result status	Pass, fail, absent, withheld, or promoted with carry-over
SGPA / CGPA	Recalculate it using the formula in Chapter 5
Remarks	Look for "withheld" or "unfair means" and ask immediately

8.2 If you think a mark is wrong

1. Compare the marks with your own record, including internal marks and attendance marks.
2. Ask the course faculty or exam cell whether a data-entry error is possible; many errors are clerical.
3. If it is not clerical, apply for re-evaluation or scrutiny in the notified window with the fee.
4. Keep the receipt, application copy and any acknowledgement.

5. If the outcome is wrong or unexplained, ask the Dean Examinations in writing, then use the Grievance Redressal Cell and the university ombudsman route (Chapter 22).

Re-evaluation can raise, keep or lower a mark under some schemes, so read the rule before you apply.

8.3 Failing a paper: backlogs (GENERIC)

A backlog or carry-over paper is one not yet passed. It must be cleared in a later scheduled exam, with a separate form and fee, and there are usually limits on how many carry-overs a student may hold when moving to the next year. Ask three questions in writing the moment you fail:

1. When is the next exam in which I may appear for this paper?
2. How many carry-overs may I hold and still progress?
3. Will my attendance and internal marks carry forward, or must I repeat them?

8.4 Improvement

Whether you can re-appear to improve a passing grade, and whether the better or latest result counts, depends on the scheme and is NOT VERIFIED for ABES. Never register for an improvement exam without written confirmation, because under some schemes the second result replaces the first even if lower.

8.5 Recovery plan for a student with several backlogs (guidance)

- Week 1: list every backlog with its paper code, last attempt, and next exam date.
- Week 2: meet the HOD or mentor and agree a clearing order, hardest-first or highest-credit-first.
- Weeks 3 to 8: study one backlog paper at a time with past papers, and keep current-semester work up so new backlogs do not pile on.
- Before each exam: confirm the form, fee and admit card.
- After each exam: record the outcome and update the list.

8.6 Scenarios

Situation	What to do
Result shows "absent" but you attended	Report to the exam cell the same day with your admit card and seating proof

Situation	What to do
Result withheld	Ask the exam cell why: dues, attendance, an unfair-means case or missing internals; clear it in writing
Grade lower than expected	Check internals and recalculate; then consider re-evaluation if allowed
Failed the same paper twice	Meet the faculty and HOD; ask about extra support; do not ignore the next form deadline
CGPA below the minimum needed for degree	Ask the Dean Examinations about improvement attempts and the last date
Result delayed past the usual time	Ask the exam cell for the reason in writing; use the GRC if it affects a form, scholarship or placement deadline

8.7 Documents to request after results

You may need the marksheet, provisional certificate, transcript or a result verification letter for a scholarship, loan, internship, visa or job. Chapter 23 explains who issues each.

Chapter 9: Conduct and discipline

A standalone ABES Student Code of Conduct or disciplinary ordinance was not found (NOT VERIFIED). What is verified is the machinery: a Chief Proctor (Prof. (Dr.) Rati Ranjan Panda) and a Dy. Proctor (Mr. Rahul Virmani) are named in the anti-ragging committee, and committees for anti-ragging, internal complaints, SC/ST, equal opportunity and grievances are published. Reviews describe conduct, dress and entry norms as firmly enforced (SECONDARY, anecdotal). The conduct framework below is therefore GENERIC; ask the Chief Proctor's office for the written code and read it in full in the first week.

9.1 Typical expectations and sanctions (GENERIC)

Area	Typical expectation or sanction
General	Respect staff and peers; keep the ID card visible; follow institutional timings
Classroom and lab	Be punctual, use equipment safely, silence phones, do not damage property

Area	Typical expectation or sanction
Ragging, bullying, harassment	Zero tolerance (NATIONAL RULE); see Chapter 10; sanctions up to expulsion and criminal action
Violence, theft, vandalism	Fine for damage; suspension or expulsion; police where the law requires
Substances	Tobacco, alcohol and drugs are prohibited on campus and in hostels under typical norms and the law
Online conduct	No abusive or defamatory posts; respect copyright and privacy; no unauthorised recording
Demonstrations	Peaceful expression only with prior permission; no disruption of classes
Proxy attendance and academic dishonesty	Treated as misconduct

9.2 Typical process (GENERIC)

A fair process normally has these steps, and you may politely ask for each one:

1. A written notice stating what you are accused of, with date and place.
2. A reasonable time to reply in writing.
3. A hearing by a committee, not by one person alone.
4. A written decision with the reason.
5. A named appeal route, usually to the Director and then the Grievance Redressal Cell.

9.3 Typical sanctions ladder (GENERIC)

Warning, then fine, then suspension, then debarment from exams or hostel, then rustication, then expulsion. Serious offences may skip steps. A criminal offence can also lead to police action regardless of college action.

9.4 If you are called by the Proctor or a disciplinary committee

- Stay calm and polite. Ask what the concern is and ask for it in writing.
- Do not sign any statement you do not understand or agree with. You may ask for time to read it.
- Tell the truth. A false statement is usually treated more seriously than the original issue.

- Bring a trusted person to wait outside if the process allows. Tell your parents or guardian if the matter is serious.
- Keep a copy of every paper.

9.5 Dress and entry

Reviews say dress and entry norms are enforced. The written rules were not found (NOT VERIFIED). Ask the Proctor's office for the dress code, ID-card rules, and visitor policy in the first week, and always carry your ID card.

9.6 Social media and online behaviour

Posts made on a public account can affect your admission, scholarship, internships and job offers. Avoid posting defamatory, abusive or private content about students, staff or the college; do not share class recordings without permission. Under the Information Technology Act, serious online abuse, impersonation and obscene content can lead to criminal action. Report harassment online to the Proctor and to cybercrime.gov.in (1930).

9.7 Rights you keep

You have the right to a fair hearing, to confidentiality as far as the process allows, to complain without victimisation (the Grievance Redressal Cell's stated objectives include no victimisation), and to appeal. Using these routes politely is never misconduct.

Chapter 10: Anti-ragging, harassment and equal opportunity

If you are in danger now, call 112. For ragging you can also call the National Anti-Ragging Helpline, 1800-180-5522 (24x7), or email helpline@antiragging.in. ABES publishes committees for ragging, sexual harassment, SC/ST matters, equal opportunity and grievances, so you have several places to report, and you do not have to prove anything before you ask for help.

10.1 Committees (VERIFIED, March 2025, composition changes yearly)

Committee	Key members and roles	Reach via
Anti-Ragging Committee	Director Dr. D.K. Sharma as head; Dean Students Welfare; Chief Proctor Dr. R.R. Panda; Dy. Proctor Mr. Rahul Virmani; representatives of the District Magistrate's office and SSP office; local media; an NGO member; faculty from several departments; Registrar; two parent members; senior and fresher students	Director's office; Proctor
Internal Complaints Committee (ICC)	Presiding Officer Dr. Bhanumati Panda; an external NGO member; Member Secretary Ms. Ritu Agarwal; faculty members; Registrar; three second-year student members	Presiding Officer, via Registrar
SC/ST Committee	Director (Chair); Registrar and Nodal Officer; Chief Proctor and other members	director@abes.ac.in; registrar@abes.ac.in
Equal Opportunity Facilities Cell	Nodal Officer Dr. Amita Tripathy; faculty; Registrar office; four students; NGO representative for PwD empowerment	fyc@abes.ac.in
Grievance Redressal Committee	Chair Director; external member from REC Banda; AKTU official; Chief Proctor; Registrar; HoD as Member Secretary	Chapter 22

Individual mobile numbers appear in the Mandatory Disclosure and are not reproduced here. Verify members at the Registrar's office, because names change.

10.2 National rules that protect you (NATIONAL RULE)

- Ragging: UGC Regulations on Curbing the Menace of Ragging in Higher Educational Institutions, 2009, and AICTE anti-ragging regulations. Ragging is conduct that causes physical or psychological harm or fear, including teasing, forced acts and abuse. The

victim's consent is no defence. Students and parents give affidavits at admission. Punishments can include suspension, expulsion, an FIR and cancellation of admission.

- Sexual harassment: the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013, and UGC regulations of 2015 require an Internal Committee. ABES has an ICC as listed above.
- Confidentiality and non-retaliation: the Grievance Redressal Cell's stated objectives include confidential handling and protection from discrimination or victimisation. ICC identity protections are those provided by law.

10.3 What counts as ragging (guidance)

It includes forced introductions, being made to perform tasks or exercises, verbal abuse, being ordered to give money or do assignments, being isolated, or any act that humiliates you, whether done inside or outside campus, on social media or in hostels. "Everyone does it" and "it was a tradition" are not defences.

10.4 How to report, step by step

1. If you are in immediate danger, call 112 or reach the nearest security or warden.
2. Write down what happened: date, time, place, names or descriptions, witnesses, messages.
3. Keep evidence: screenshots, call logs, medical notes. Do not delete anything.
4. Report to the Proctor or Anti-Ragging Committee. You may also file with the national helpline, which is independent of the college.
5. For sexual harassment, contact the ICC Presiding Officer. You may ask for the process to be explained before you decide how to proceed.
6. Tell someone you trust, such as a parent, mentor or friend.
7. Ask in writing what action has been taken and when. If nothing happens, escalate to the Director, the Grievance Redressal Cell, AKTU and, where appropriate, the police.

10.5 If you see it happening

Bystanders matter. You can call for help, tell a warden or proctor, and support the person afterwards. Staying silent can allow serious harm, and the law holds institutions and sometimes individuals accountable for failing to act.

10.6 Equal opportunity and inclusion

ABES states a barrier-free environment for disabled and elderly persons (VERIFIED) and has an Equal Opportunity Facilities Cell. Specific accommodations such as scribes, ramps or hostel allotment are not itemised, so write to fyc@abes.ac.in early with your needs and

documents and ask for written confirmation. Support for international and out-of-state students is NOT VERIFIED.

10.7 Discrimination

Discrimination on grounds of caste, religion, gender, disability or region is prohibited by Indian law and college committees. SC/ST students can use the SC/ST Committee, and any student can use the Grievance Redressal Cell and, where a crime is involved, the police. Keep written records of every incident.

10.8 Cyber harassment

Threats, stalking, morphed images, impersonation and abusive messages online are offences. Preserve screenshots with timestamps, report to the platform, then to the Proctor and cybercrime.gov.in or 1930. Do not respond to the abuser, and do not forward the images.

Chapter 11: Clubs, fests and societies

ABES's homepage says it has 11 clubs and highlights four events: TEDx, Genero, TechFest and Utsaah. The Life@ABES page lists club categories such as yoga, meditation, literature, cultural, creative, sports, debate, publication and magazine, environment, social activity, NSS, photography, mental well-being and tourism. The two lists do not match one-to-one, so the exact 11 clubs cannot be named here. ABES does not publish club constitutions, recruitment rules, budgets or contacts in sources accessed, so ask the Dean Student Welfare for the registered list.

11.1 Verified profiles (VERIFIED, ABES official pages)

Name	Purpose (from official text)	Joining and contact
TEDx	Talks and ideas events	Not published
Genero	Annual cultural fest: cultural, informal, literary, e-gaming and photography events; participants from across NCR	Not published
TechFest	Technology fest (theme text on the homepage)	Not published
Utsaah	Sports and celebration; facilities in Chapter 14	Not published

Name	Purpose (from official text)	Joining and contact
NCC unit	Established 25 November 2024 under 37 UP Battalion, Ghaziabad; 40 cadets; ANO Dr. Neha Singh Raghuvanshi	https://www.abes.ac.in/ncc.html; selection rules not published
Unnat Bharat Abhiyaan (UBA) wing	Rural development; wing set up 2 October 2018; five adopted villages (Kushaliya, Kanauja, Matiala, Masuri, Mohiddinpur-Dabarasi)	https://abes.ac.in/uba-wing.html
HUHC (Help Us to Help the Child)	Founded 2012 by an alumnus; literacy centres and a School of Hope near ABES	Volunteer-based; contact not published
LDL (Light De Literacy)	"Educate, Empower, Enlighten"; over 40 children admitted to schools	Volunteer-based; contact not published
Your Dost	Counselling sessions (a service, not a club)	All students, via Student Welfare

The homepage also mentions ABES's robotics heritage (international aerial robotics competitions) and 54 incubated startups, but club-level pages were not found.

11.2 How to join a club (GENERIC)

1. Watch for recruitment notices in the first weeks of the session and ask Student Welfare for dates.
2. Fill the application form if there is one, and prepare for a test, interview or audition.
3. Check how many hours the club expects per week and compare with your timetable.
4. Confirm with the faculty coordinator how event duty is recorded for attendance.
5. Join at most one or two clubs in your first semester. Over-commitment is the main reason students drop out of clubs and slip academically.

11.3 Typical club structure (GENERIC)

A faculty coordinator, a student convenor, a secretary, a treasurer and domain leads. Tenure is usually one academic year with a handover. Funds go through the college accounts office, not through personal accounts.

11.4 Starting a new club (GENERIC)

- Prepare a proposal with objectives, a draft constitution, a faculty coordinator and a minimum number of members.
- Submit it to the Dean Student Welfare for approval.
- Expect annual renewal with an activity report.

11.5 Running an event (GENERIC)

Stage	What to do
Idea	Write a one-page proposal: purpose, date, audience, expected attendance
Budget	List every cost and source of funds; sponsorship needs prior approval
Approvals	Faculty coordinator, Dean and Director, in that order
Venue	Request in writing; auditorium, seminar halls and open-air theatre exist (Chapter 14)
Safety	Plan crowd control, first aid, fire exits and an emergency contact list
Guests	External speakers and visitors need prior approval and gate passes
Publicity	Only after approvals
After	Submit bills and a report; return equipment and settle accounts

11.6 Balancing clubs and academics

Use a weekly plan that gives fixed blocks to classes, self-study, club work and rest. If your attendance drops below your personal floor of 80% or you have a backlog, pause leadership roles, not classes. Club certificates rarely outweigh unresolved academic problems in placement shortlisting.

11.7 Volunteering and social work

NCC, UBA, HUHC and LDL give structured volunteering. Ask about commitments, transport and insurance before you join, and keep written confirmation of volunteer hours, because they may help with certificates, scholarships and applications.

Chapter 12: Student representation and feedback

ABES gives students formal seats on several committees and collects feedback on faculty every semester. No document establishing a student council or student government, or election rules, was found (NOT VERIFIED), so do not assume one exists. Ask the Dean Student Welfare.

12.1 Where students sit on committees (VERIFIED, March 2025)

Body	Student seats
Grievance Redressal Committee	Special invitees: one male and one female third-year student
Anti-Ragging Committee	Senior-student and fresher representatives
Internal Complaints Committee	Three second-year students
Equal Opportunity Facilities Cell	Four student members
IQAC	One student member

If you want to be considered for a seat, write to the Registrar or the committee's chair or member secretary and ask how members are chosen.

12.2 Semester feedback (VERIFIED)

After each semester, every student fills an online feedback form on each faculty member, scored 1 to 5 per attribute. Results are analysed and shared with the Director and HODs. Fill it honestly: specific, polite comments about teaching help more than scores alone. Do not write about personal matters, and never include abusive language.

12.3 Typical representation structure (GENERIC)

- Representation is often by nomination of class representatives and club heads rather than a general election.
- Representatives sit on committees, give feedback on academics and facilities, and help organise events.
- Representatives follow the same conduct code. Complaints about a representative go to the Dean Student Welfare, then the Grievance Redressal Cell.

12.4 If you are a class representative (guidance)

1. Collect issues from your section by a simple form or a message group, and record the date.

2. Group them: academic, facilities, hostel, exams.
3. Raise them with the class coordinator first, then the HOD.
4. Report back to the class on what was decided.
5. Never share a classmate's private complaint without their permission.

12.5 How to raise a collective issue

Write a short, factual note signed by several students, with specific examples and the change you want. Address it to the HOD or Registrar. Say you are willing to meet. Avoid public posts about the college before you have used the formal route, because they usually make resolution harder and may breach the conduct code.

12.6 Feedback beyond the form

You can also give feedback on facilities (library, labs, mess, internet) through your class coordinator or the Dean Student Welfare. Keep it constructive: describe the problem, how often it happens, and what would fix it.

Chapter 13: Hostel and residential life

ABES has hostels inside the campus for boys and girls, but its two official sources disagree on how many (conflict C-4), and hostel fee amounts for ABES Engineering College were not retrieved. ABESIT, a different institute, publishes its own hostel fees; do not use those. Ask the Registrar or Dean Student Welfare for the current hostel allotment notice, the fee, and the written rules before you pay anything.

13.1 Verified facts

Item	Detail	Source
Location	Hostels are within campus	Mandatory Disclosure (March 2025)
Capacity, March 2025	4 boys' buildings with 1033 seats; 3 girls' buildings with 458 seats	Mandatory Disclosure
Hostels per website	6 boys' and 2 girls' hostels	Life@ABES (conflicts with the disclosure)
Rooms	AC and non-AC; single, double and triple sharing	Life@ABES

Item	Detail	Source
In-hostel amenities	Basketball, badminton, lawn tennis, table tennis, gym, laundry, mess and canteen in each hostel	Life@ABES
Dining	Seven canteens (five on campus, two in hostels); seven messes and kitchens serving 2000 students	Life@ABES
Medical	Medical room with ambulance service and a doctor	Life@ABES

Capacity matters: the disclosure counts 1,491 seats in total (1033 + 458), while the college admits several thousand students across programmes. Hostel seats are therefore limited, so apply early and ask about the allotment priority.

13.2 Day scholar or hosteller? (guidance)

Factor	Day scholar	Hosteller
Cost	Lower direct cost, plus daily travel	Hostel and mess fees on top of college fees
Time	Commute eats study hours	Lab, library and clubs are close by
Support	Family routines	Peer group; independence needed
Risks	Missed events from commuting	Distraction and homesickness

The college is on NH-09 near Ghaziabad, about 4 km from the railway station according to the disclosure. Test your commute before you decide.

13.3 Typical hostel rules (GENERIC, confirm with the warden)

Topic	Typical rule
Allotment	On application after admission; priority by distance or year; room type per fee category
Check-in and out	Fixed dates; room inspection and inventory; caution deposit returned after clearance
Timings	Evening entry curfew; late entry needs written permission; girls' hostels are usually stricter

Topic	Typical rule
Visitors	Parents or guardians only in the visitor area with ID and registration; opposite-gender entry prohibited
Leave	Night out needs warden approval and parent consent for minors and often for girls
Appliances	Heaters, induction, immersion rods and unauthorised ACs or coolers are generally prohibited
Quiet hours	Study silence at night; no loud music
Mess	Fixed meal timings, a menu committee, hygiene inspections, dietary options as provided
Damage	Recovered from occupants; repeated violations lead to eviction
Complaints	Warden, then Chief Warden or Dean Student Welfare, then the Grievance Redressal Cell

13.4 Moving in: checklist (GENERIC)

- [ ] Allotment letter and fee receipt
- [ ] Two sets of ID photocopies and passport photographs
- [ ] Anti-ragging affidavit submitted
- [ ] Room inspection: photograph existing damage and sign the inventory
- [ ] Lock, bedding, extension board with a safety switch, if permitted
- [ ] Warden's phone and the emergency numbers saved
- [ ] Know your fire exit and assembly point

13.5 Mess and food

If the mess menu or hygiene is a concern, raise it with the mess committee or warden with specifics (date, meal, issue) and photographs where allowed. If you have allergies or dietary needs, tell the warden and mess in writing at the start of the session. Keep basic snacks and a reusable water bottle.

13.6 Living with roommates

Agree early on sleep time, lights, visitors, cleaning and shared costs. If conflict continues, ask the warden for mediation before it becomes a disciplinary matter. If you ever feel unsafe, report immediately.

13.7 Moving out

Give written notice as required, clear your room, return keys, settle mess dues, and get a signed clearance slip. Apply for your caution deposit with the receipt and a bank account in your name. Photograph the room on the day you leave.

13.8 Hostel scenarios

Situation	What to do
No hostel seat allotted	Ask the Registrar about the waiting list and nearby paying-guest options; check whether the college has a verified list
Illness at night	Warden and security first; the medical room has a doctor and ambulance, per the Life@ABES page
Roommate misconduct	Report to the warden in writing; ask for a room change
Theft	Report to the warden and Proctor the same day; keep valuables locked
Power or water failure	Report to the warden with date and time; escalate to the Dean Student Welfare if repeated

Chapter 14: Campus facilities

ABES publishes a long list of facilities on its Life@ABES page and in the Mandatory Disclosure, but it does not publish opening hours, borrowing limits, fines, booking procedures or charges in the pages accessed. Use this chapter to know what exists, then ask the relevant office how to use it.

14.1 Verified facilities

Facility	Official details
Campus	15.77 acres (homepage) or "17-acre" (Life@ABES), conflict C-5
Classrooms and labs	83 classrooms (6246.39 sq m), 14 tutorial rooms, 89 laboratories (6731.42 sq m), 4 drawing halls, 1 computer centre; air-conditioned classrooms with audio-visual aids

Facility	Official details
Library	1384 sq m; 400 sq m reading area; 250 seats; KOHA automation since 2006; remote e-resource login. Life@ABES: 112,334 books, 1,224 e-journals, 8,074 e-books. Disclosure: 115,122 books, 8,069 titles, 179 national and 1,045 international journals (conflict C-6)
Computing	1 Gbps internet, 1,440 PCs, 7 legal system software, 40 legal application software
Sports	Swimming pool, floodlit cricket stadium; courts for badminton, lawn tennis, basketball, table tennis, volleyball; football; chess, shot put, javelin, athletics, snooker
Gym	Inside boys' and girls' hostels
Food	Five canteens on campus; two in hostels
Medical and wellness	Medical room with doctor and ambulance; yoga and meditation space; Your Dost counselling
Halls	Auditorium, open-air theatre, five seminar halls
Other	Temple, faculty residences, guest house
Accessibility	Barrier-free built environment for disabled and elderly persons
Safety	Occupancy and fire-safety certificates available
Innovation	Innovation Cell and Social Media Cell

14.2 Library: how to get the most from it

Typical libraries (GENERIC) allow a fixed number of books for about 14 days, with per-day fines for lateness. ABES's library uses KOHA software and offers remote login to e-resources. Ask the librarian in week one for:

1. Opening hours and exam-time extensions.
2. Borrowing limit and fines.
3. How to log in to e-journals from your hostel or home.
4. Whether previous question papers and project reports are kept.
5. How to request a book the library does not have.

Tip: a seat among the 250 library seats fills up near exams, so reach early.

14.3 Labs and computing

Labs usually require booking through faculty and signed safety instructions. Always keep your own lab file up to date. If a machine or equipment is faulty, report it to the lab assistant in writing the same day so you are not blamed for later damage. For project work needing extra lab time, ask your guide to write to the HOD.

14.4 Sports and fitness

The sports facilities list is long: pool, floodlit cricket stadium and many courts. Rules for pool and stadium use are not published (NOT VERIFIED). Ask Utsaah or the sports office about timings, safety rules, medical clearance for swimming and trial dates for college teams. If you represent the college, get duty leave approved before you travel (Chapter 6).

14.5 Food and canteens

Five canteens on campus and two in hostels are listed, and seven messes and kitchens serve 2,000 students. Prices and menus are not published. If you have food allergies, tell the canteen or mess staff each time and carry any prescribed medication.

14.6 Health and the medical room

The Life@ABES page lists a medical room, doctor and ambulance. Hours, charges, and whether it handles emergencies at night are not published (NOT VERIFIED). Save the number of the warden, security and the medical room as soon as you get them. In any serious emergency, call 112 or 108.

14.7 Auditorium and seminar halls

Bookings go through the Registrar or Dean in writing (GENERIC), usually with the event proposal and approvals (Chapter 11). Request early, because fest and exam seasons are busy.

14.8 Accessibility

The disclosure states a barrier-free environment. If you use a wheelchair, have low vision or need other accommodations, write to the Equal Opportunity Facilities Cell (fyc@abes.ac.in) before the session starts and ask for a walk-through of your routes and classrooms.

14.9 Not publicly verified

Transport, parking permits, printing and stationery services, lost and found, and ATM or banking counters on campus were not found in official sources. Ask the Registrar, and see Chapter 15.

Chapter 15: Getting around and daily life

The campus is at the 19th KM Stone, NH-09 (formerly NH-24), Ghaziabad-201009. The Mandatory Disclosure puts the nearest railway station (Ghaziabad) about 4 km away and Delhi's IGI Airport about 60 km away. ABES's official pages do not publish a college bus service, parking permits or routes (NOT VERIFIED), so this chapter gives only the verified location facts and general planning advice.

15.1 Reaching the campus (VERIFIED location, GENERIC planning)

From	Distance per disclosure	Planning note
Ghaziabad railway station	about 4 km	Confirm current local transport options with seniors or the Registrar
Delhi IGI Airport	about 60 km	Allow a long road transfer; check traffic on NH-09

Travel times on NH-09 vary widely with traffic, so check a live map before every important trip, such as an exam day.

15.2 Questions to ask the office in week one

- Is there a college bus or shuttle? Which routes, timings and fees?
- Are two-wheelers and cars allowed? Is there a parking permit and is a driving licence needed?
- What is the visitor entry procedure for parents?
- Where do students get printing, photocopying, stationery and ID-card replacement?
- Where is the nearest ATM, pharmacy and hospital?

15.3 Travelling safely (GENERIC)

- Share your live location with a trusted person on late journeys.
- Use registered cabs or autos; note the vehicle number.
- Avoid empty stretches of the highway after dark.

- Carry your ID card and one emergency contact number written on paper.
- Women's helpline 1091 and 181 and police 112 are national numbers (NATIONAL RULE).

15.4 Money and daily costs (illustrative)

Item	How to plan
Food	Mess or canteen; set a weekly limit
Travel	Estimate from your actual route
Phone and data	A monthly plan; campus Wi-Fi rules are not published
Books and stationery	Buy after the first week, once faculty confirm the textbooks
Emergencies	Keep a small reserve and a second bank card or UPI app

Use your own numbers; none above are ABES figures.

15.5 A sample weekly routine (guidance)

Teaching hours are 08:30 am to 04:30 pm (VERIFIED, disclosure). One workable pattern: classes in the day, a one-hour revision block after classes, a sports or club hour, dinner, and a second study block of one to two hours. Keep a fixed sleep time. Adjust to your timetable.

15.6 Staying connected to family

Tell your family your timetable, hostel or transport arrangement, and who to call in an emergency (the warden, the Proctor's office, or a friend). Parents can also use the college's main number, 0120-7135112, or write to info@abes.ac.in.

Chapter 16: Internships, placements and careers

ABES's homepage reports 'Placement Glimpses 2026' with 1,289 placements, 1,870 offers, a highest package of 45 LPA, a median of 4.50 LPA and a placement rate of 80.06%. Treat these as promotional, unaudited figures: the terms "placed", "offer" and the eligible cohort are not defined. Read the numbers for orientation, then ask the placement office what applies to your branch and year. Placement page: https://www.abes.ac.in/placement.html.

16.1 Verified placement information (VERIFIED, ABES homepage)

Item	Placements 2025	Placement Glimpses 2026
Highest package	60 LPA	45 LPA
Offers	1,692	1,870
Students placed	not stated	1,289
Median package	not stated	4.50 LPA
Placement rate	not stated	80.06%

The 2026 summary also lists 270 "dream" offers (CTC 7 to 9 LPA), 89 "super dream" offers (10 LPA and above) and 444 "super" offers (5 to 7 LPA). Together those are 803 offers; the other 1,067 are not categorised in the summary. It also lists 500+ recruiters, including Amazon, Microsoft, Accenture, Adobe, Capgemini, Cognizant, TCS, Infosys, DXC and Cisco. A secondary source reports different 2025 numbers (highest 39 LPA, average 5.27 LPA), which is conflict C-7.

Arithmetic reading (derived, not ABES-stated): if 1,289 students equal 80.06%, the implied cohort is about 1,610 students. The 1,870 offers exceed the 1,289 placements because some students hold several offers.

16.2 Branch statistics, 2023 (VERIFIED, Mandatory Disclosure, March 2025)

Branch	Minimum (Rs)	Maximum (Rs)	Average (Rs)
CSE	120,000	5,000,000	749,651
IT (closed)	207,840	2,000,000	634,440
ECE	215,000	1,976,982	478,881
Mechanical	180,000	760,022	366,247
EEE (closed)	192,000	700,000	396,576
MCA	221,760	1,078,788	383,074

How to read it: the maximum is one student's best offer, the average can be pulled up by a few high offers, and the minimum shows the range is wide. A branch with an average of about Rs 7.5 lakh (CSE) does not mean every student gets that. Ask for the number of students placed in your branch, and the median.

Training programmes sit under the Dean Trainings, named as Dr. Amit Sinha in the IQAC list (March 2025). Contact details for the placement cell were not published.

16.3 How placements usually work (GENERIC)

1. Register on the placement portal with an updated resume.
2. Each company sets eligibility: minimum CGPA or percentage, no active backlogs, sometimes minimum attendance.
3. Pre-placement talk, then an online aptitude or coding test.
4. Technical and HR interviews.
5. Offer letter, then acceptance within the notified time.

Many colleges apply a tiered rule for multiple offers, so a student who has accepted a lower tier can still sit for higher-tier companies. ABES's policy is NOT VERIFIED. Withdrawing from an offer is usually penalised, for example by being barred from later drives. Ask for the written placement policy in your first year.

16.4 A year-by-year roadmap (guidance)

Year	Focus
1	Build fundamentals: programming, maths, communication. Keep CGPA healthy. Join one club
2	Data structures and algorithms, one project, one internship if possible, a first resume
3	Internship, deeper project, aptitude practice, mock interviews, resume review by seniors
4	Apply on campus and off campus, clear backlogs before drives, keep documents ready

Consistent practice beats last-minute cramming: 6 to 8 hours of practice a week for three years is often more useful than a crash course before placement season.

16.5 Resume basics

- One page, with your name, contact, education, projects, skills, internships and achievements.
- Describe each project with what you built, the tools used, and a result.
- Do not list skills you cannot demonstrate in an interview.
- Use a professional email address and keep GitHub or portfolio links working.

16.6 Interview basics

- Technical: revise core subjects (data structures, algorithms, databases, operating systems, networks) and be ready to explain every project line on your resume.
- HR: prepare short, honest answers about strengths, weaknesses, why this company, and where you see yourself.
- Behaviour: arrive early or log in early, dress formally, and listen before answering.

16.7 Internships (GENERIC)

- Usually need an HOD NOC or approval, and an offer letter.
- Mandatory summer internships may carry credit under the scheme; confirm for your batch.
- Off-campus offers should be reported to the placement cell.
- Be careful with internships that ask you to pay a "registration fee"; check the company independently.

16.8 Offer-letter checks

Before accepting, confirm: joining date, location, CTC breakup (fixed, variable and bonus), probation period, notice period, bond or service agreement, and whether the offer is conditional on results. Ask the placement cell if anything is unclear.

Chapter 17: Higher studies, competitive exams and entrepreneurship

ABES's official pages say nothing about coaching, GATE or study-abroad support, except that the homepage cites 54 incubated startups and a Dean Research. This chapter is GENERAL GUIDANCE about national exams and routes, not an ABES service. Exam patterns, eligibility and dates change every year, so always read the official notification of each exam before you plan.

17.1 Choosing a path

Path	Typical timeline	What it needs
Campus job	Final year, from the placement season	Good CGPA, no active backlogs, skills, interview practice
M.Tech or PhD in India	Apply in the final year; GATE score is often needed	GATE preparation, project or research experience

Path	Typical timeline	What it needs
MBA	CAT, XAT, CMAT and others, usually after graduation	Aptitude and verbal preparation; some work experience helps
MS abroad	Applications about 10 to 12 months before the start	Tests such as GRE and IELTS/TOEFL where asked, statement of purpose, recommendations
Civil services and public sector	After graduation, with a multi-stage exam	Long-term preparation; eligibility rules in the official notice
Startup	Any time; incubator or mentor support helps	An idea, a team, a prototype, first customers

17.2 GATE (NATIONAL RULE, check current brochure)

GATE scores are used for M.Tech admissions and for some public-sector recruitment. Start by solving previous papers in your branch in the third year, and build a plan around the official syllabus. Registration windows and the validity of the score are set by the organising institute each year.

17.3 Studying abroad

- Shortlist universities by programme fit, not just ranking.
- Collect transcripts early; the college and university issue them (Chapter 23), and these requests take time.
- Ask two faculty members for recommendation letters at least a month before the deadline, and give them your resume and statement draft.
- Check scholarships and visa rules on official government and university pages only.
- Avoid agents who promise guaranteed admission.

17.4 Entrepreneurship (VERIFIED claim, thin detail)

The homepage cites 54 startups incubated. Incubation rules, eligibility, equity terms and funding were not published. If you have an idea, ask the Dean Research or the Innovation Cell (listed as available in the disclosure) what support exists, what the intellectual-property terms are, and whether you may use college labs or resources.

Before you start, check three things in writing: who will own the idea if you use college resources, whether the college takes any equity or share, and how your attendance will be handled if the project needs your time during semester.

17.5 Building a plan (guidance)

1. In year 2, decide your top two paths; keep the rest as backups.
2. For each path, write the exams, dates and eligibility on one page.
3. Work backwards from each deadline and fix weekly study hours.
4. Review at the end of every semester and drop what is not working.

17.6 Avoiding common traps

Paying for guaranteed placement, guaranteed foreign admission or "limited seats" coaching is a frequent scam. Official exam bodies and universities never ask for payment through personal accounts or messaging apps.

Chapter 18: Projects, research, IP and AI use

ABES reports strong research output on its homepage, but its intellectual-property, research-ethics, plagiarism and generative-AI policies were not found (NOT VERIFIED). Ask the Dean Research and your HOD for the written policies before you publish, file a patent or use AI tools in graded work.

18.1 Verified research information (VERIFIED, ABES homepage and disclosure)

Item	Detail
Publications	2,690+ Scopus publications
Patents	375+ published and 9 granted
Funding in 2024-25	Consultancy Rs 15 lakh; sponsored research Rs 107.5 lakh
Dean Research	Prof. (Dr.) Rohit Sharma (faculty list, March 2025)
Research pages	https://abesec.in/CARE-department.php, https://abesec.in/uav-journey.php, http://orbits.abes.ac.in/
Robotics	Participation in the International Aerial Robotics Competition (Korea) is described on the homepage

Department publication pages exist for several departments, including CSE, CS, AIML, IT, ECE, EN, ME, ASH and MCA.

18.2 Final-year project (GENERIC)

1. Form a team and propose a topic to the HOD in the third year or early final year.
2. Get a faculty guide and agree the scope in writing.
3. Keep a log of weekly meetings with the guide's signature.
4. Complete milestones: literature review, design, implementation, testing.
5. Submit the report in the required format, with a plagiarism check if required.
6. Prepare for a viva where each team member explains the whole project.

Choose a project you can finish in the time you have. A smaller, complete, well-tested project is usually better than a big unfinished one.

18.3 Plagiarism and citation

Plagiarism means using someone else's words, code, figures or ideas without credit. Paraphrasing without a citation is still plagiarism. A similarity report may be required for reports and papers (GENERIC). Use one citation style consistently, cite code and datasets you reuse, and keep your drafts and notes as evidence of your own work.

18.4 Generative AI in coursework (GENERIC, ABES policy NOT VERIFIED)

- Follow the rule given in each course. If none is stated, ask the faculty in writing.
- Where AI is allowed, disclose how you used it, for example "used to explain concepts" or "used to debug code".
- Never submit AI output as your own work if the course forbids it, and never rely on it for facts without checking them.
- AI use during examinations is prohibited unless explicitly allowed.
- Do not paste confidential or personal data into AI tools.
- You remain responsible for everything you submit, including errors.

18.5 Publishing a paper (guidance)

- Choose a reputable venue. Be careful with "predatory" journals and conferences that promise quick acceptance for a fee.
- Agree authorship order and contributions with your guide and teammates before writing.
- Do not submit the same work to two venues at once.
- Check whether college affiliation wording is required.

18.6 Patents and ownership (GENERIC)

Inventions made with college resources are commonly co-owned or assigned under the institute's IPR policy, and confidentiality agreements apply to sponsored work. Ask for the policy before you start, and do not disclose an invention publicly (in a paper, talk or social post) before filing, because early disclosure can destroy patentability.

18.7 Research misconduct

Fabrication, falsification and plagiarism are research misconduct and are reported to the Dean Research or Director (GENERIC). Keep raw data and lab notebooks for each project.

18.8 Getting into research as an undergraduate

Talk to faculty whose papers interest you, ask for a small task, and show reliability first. Many students begin with literature surveys or data collection. Ask for credit in writing before the work is published.

Chapter 19: Safety, security and emergencies

In any emergency, call 112 first. ABES states that occupancy and fire-safety certificates are available, that the campus is barrier-free, and that there is a medical room with ambulance, and it names a Chief Proctor and Dy. Proctor. Numeric contacts for campus security, fire and ambulance were not published, so save them from your orientation or from your hostel notice board on day one.

19.1 National emergency numbers (NATIONAL RULE, not ABES numbers)

Service	Number
Unified emergency (police, fire, ambulance)	112
Police	100
Fire	101
Ambulance	102 or 108
Women helpline	1091 (181 in many states)
Child helpline	1098
Cyber-crime reporting	1930; cybercrime.gov.in
National Anti-Ragging Helpline	1800-180-5522 (24x7); helpline@antiragging.in

The anti-ragging committee listing in the disclosure also gives the Ghaziabad DM office (0120-2829040) and SSP office (0120-2820758).

19.2 Emergency playbook (GENERIC)

Emergency	First steps
Fire	Raise the alarm, leave by the nearest exit to the assembly point, do not use lifts, call 101 or 112
Medical	Call 112 or 108, tell the warden or security, do not move a seriously injured person unless there is danger, give first aid only if trained
Harassment or assault	Move to a safe place, call 112, inform the Proctor or warden, preserve evidence, see Chapter 10
Theft	Report to security and the Proctor the same day; block cards and SIM if lost
Lab accident	Stop the experiment, follow the lab safety protocol, report to the lab in-charge at once, get medical help
Earthquake	Drop, cover and hold on; stay away from windows; assemble in the open once shaking stops
Lost or missing person	Inform the warden or Proctor immediately and call 112 if the person cannot be reached
Cyber incident	Do not pay or reply, take screenshots, change passwords, report to 1930 and the Proctor

19.3 Everyday safety habits

- Carry your ID card and register visitors as the gate requires.
- Do not enter restricted areas such as substations without authorisation.
- Keep a written note of two emergency contacts in your wallet, not only on your phone.
- In labs, follow protective equipment and handling instructions, never work alone, and report hazards.

19.4 Medical information card (guidance)

Keep a card with your blood group, allergies, ongoing medicines, a family contact and the name of your doctor. Tell your roommate and warden where it is.

19.5 Road and traffic safety

NH-09 is a busy highway. Use a helmet and licence if you ride a two-wheeler, do not use a phone while driving, and avoid sharing rides with unlicensed drivers. Cross only at designated points.

19.6 Mental safety

If you or a friend feel unsafe emotionally, see Chapter 21. You can also call 112 in an emergency.

19.7 After an incident

Write your own account within 24 hours, with times and names, and keep medical papers. Ask the college in writing about the action taken. If you remain unsafe, tell your family and, where appropriate, the police.

Chapter 20: IT and digital services

ABES publishes its infrastructure numbers but not its IT policies. The student ERP login details, acceptable-use policy, Wi-Fi rules, email policy, data-protection notice and AI-tool policy were not found (NOT VERIFIED). The ERP and enquiry portal is at https://erp.abes.ac.in; the student login page and its usage are explained at orientation.

20.1 Verified (ABES official pages, disclosure of March 2025)

Item	Detail
Internet	1 Gbps campus bandwidth
Computers	1,440 PCs
Computer centre	629.28 sq m
Software	7 legal system software and 40 legal application software items
Library systems	KOHA with remote login to e-resources

20.2 Getting set up in week one (guidance)

1. Ask your class coordinator how to get your college login, email and ERP access.
2. Change any default password at first login, and use a unique password you do not reuse elsewhere.

3. Turn on two-step verification wherever offered.
4. Save the IT help desk contact once you are given it. Its details are not published.
5. Download only software that your course asks for, from official sites.

20.3 Typical acceptable-use rules (GENERIC)

- Use institutional credentials only, and never share passwords.
- No piracy, unlicensed software or bypassing network controls. Network use may be logged.
- Recording or sharing online classes without permission is prohibited.
- Account misuse can lead to suspension; appeal to the Registrar or Dean.

20.4 Privacy and your data

Student data is used for academic, administrative and regulatory purposes. The Digital Personal Data Protection Act, 2023 sets national obligations for handling personal data, with rules phased in (NATIONAL RULE). Ask the Registrar what data the college keeps, how long, and how to correct it. Do not share your ID card, Aadhaar, OTPs or exam admit card photos publicly.

20.5 Common scams targeting students

Scam	Warning sign	What to do
Fake scholarship or fee-refund message	Asks for OTP, bank PIN or a "processing fee"	Do not reply; verify on the official portal; report to 1930
Fake job or internship	Asks you to pay for registration, training or equipment	Check the company independently; never pay up front
Fake admission agent	Promises a guaranteed seat for cash	Use only the official counselling and the college's official payment channels
Phishing email appearing to be from the college	Wrong domain, urgent tone, unusual link	Open the official site by typing the address; tell the Registrar
Social media impersonation	Profile using a teacher's or student's name	Report to the platform and the Proctor

20.6 Online classes and exams

If any class is online or hybrid, keep your camera and microphone rules as the faculty states. Do not share meeting links. For online tests, ask about internet failure rules in advance and keep screenshots of any technical problem with the time.

20.7 If the portal does not work

1. Reset your password and try another browser or device.
2. Clear cache, or use a private window.
3. Ask your class coordinator or the IT help desk, with a screenshot.
4. Email the Registrar if it affects a deadline, and keep the email as proof.
5. If a deadline passes because of a portal fault, ask in writing for the deadline to be waived; attach screenshots.

Chapter 21: Wellbeing, counselling and health

If you or someone you know may be in danger of self-harm, call 112 now, or go to the nearest person you trust. You can also call Tele-MANAS, India's national tele-mental-health helpline, on 14416 (NATIONAL RULE; confirm the number on the official Tele-MANAS page). The college counselling service is an additional option, not a replacement for emergency help.

21.1 What ABES offers (VERIFIED, Life@ABES and disclosure)

Service	Detail
Your Dost	Counselling sessions offering professional mental-health and personal-development support in a confidential setting
Mental well-being club	Listed among the club categories
Medical room	Doctor and ambulance service
Yoga and meditation	Spaces listed on the Life@ABES page
Office of Student Welfare	Prof. (Dr.) Amita Tripathy as Dean Student Welfare (Life@ABES); Dean Campus Life & Student Welfare mailbox dcsw@abes.ac.in (disclosure)
Academic advising	First Year Coordinator mailbox fyc@abes.ac.in

Peer mentoring, financial hardship funds, language support and a dedicated international-student office were not found (NOT VERIFIED).

21.2 Common student struggles, and what helps (guidance)

Struggle	Why it happens	What helps
Homesickness	New city, new routine	Call home at a fixed time, join one group activity, decorate your space, give it 6 to 8 weeks
Academic pressure	Big syllabus, new teaching style, comparison with peers	Break each subject into weekly goals, meet the faculty early, form a study group
Poor sleep	Late-night study, phone use	Fixed sleep and wake times, no screens for 30 minutes before bed
Loneliness	Everyone seems to have friends already	Join a club or sport, say yes to small invitations, speak to your mentor
Burnout	Too many commitments	Drop one commitment, schedule one full rest day a week
Placement anxiety	Visible rejections, comparison	Track skills you are building, ask for feedback, talk to a mentor
Relationship or family stress	Personal circumstances	Speak to someone you trust; use counselling if it affects sleep or study

21.3 When to seek help sooner rather than later

Seek help if, for two weeks or more, you notice constant sadness or anxiety, loss of interest, major changes in sleep or appetite, withdrawing from friends, missing classes repeatedly, or thoughts of harming yourself. These are signs to talk to someone, not signs of weakness. Start with your mentor, Student Welfare, the Your Dost service, a doctor, or Tele-MANAS.

21.4 Supporting a friend

1. Ask directly and kindly how they are, and listen without rushing to fix.

2. Do not promise to keep a safety concern secret. Say you want to involve someone who can help.
3. If you think they might hurt themselves, stay with them and call 112, or inform the warden, Proctor or a faculty member immediately.
4. Help them reach counselling or a doctor, and check in again the next day.

21.5 Physical health

- Sleep 7 hours or more if you can.
- Eat regular meals; avoid skipping breakfast.
- Move at least 30 minutes on most days; campus facilities include a gym, courts and a pool (Chapter 14).
- Carry any regular medicines, a doctor's prescription and your medical information card.
- Go to the medical room or a doctor early; do not wait for a minor illness to become serious.

21.6 Substance use

Tobacco, alcohol and drugs are prohibited under typical campus norms and, for drugs, under the law. If you or a friend are struggling with substance use, speak to a counsellor or doctor. Asking for help is usually treated very differently from being caught.

21.7 Confidentiality

The Your Dost service is described as confidential. Counselling services generally explain the limits of confidentiality (for example, a risk of serious harm). Ask the counsellor in your first session how information is handled.

Chapter 22: Grievances, complaints and appeals

ABES has a published Grievance Redressal Cell (GRC) chaired by the Director, open to students and staff, with an online mechanism at https://www.abes.ac.in/GRC-grievance-redressal-cell.php. ABES does not publish a guaranteed resolution time, so rely on written records and polite persistence rather than on promised deadlines.

22.1 The Grievance Redressal Cell at a glance (VERIFIED, GRC page and disclosure)

Field	Detail
Basis	Formed as per the directions of AICTE and the Gazette of India
What qualifies	Grievances, complaints, malpractices and problems, including academic and miscellaneous issues
Who may file	Students and teaching and non-teaching staff of ABESEC
Authority	Chair: Director Prof. (Dr.) D.K. Sharma; members include Prof. S.P. Shukla (Director, REC Banda), Dr. D.P. Singh (AKTU), Prof. R.R. Panda, Registrar Ms. Nitika Jain; Member Secretary Dr. Pragati Shrivastava
Submission	Online mechanism on the GRC page (form not captured); emails in the disclosure: director@abes.ac.in, registrar@abes.ac.in, pragati.srivastava@abes.ac.in
Evidence	No form published; send a written statement with supporting documents
Deadlines and response times	Not publicly verified
Objectives	Fair, impartial and consistent redressal; confidentiality; respect for the views of complainant and respondent; protection from discrimination or victimisation
Appeal	A university Ombudsman appointed by AKTU is listed in the disclosure; contact via AKTU

Names and composition are as published in March 2025 and may have changed.

22.2 Which channel for which problem (VERIFIED structure, GENERIC order)

Problem	Start with	Then
Admission or enrolment	Admissions office; Registrar	GRC; AKTU or UPTAC

Problem	Start with	Then
Fees or refunds	Accounts office; Registrar	GRC
Attendance, marks, internal evaluation	Course faculty, class coordinator, HOD	Dean Examinations; GRC
Examination or result	Examination cell; Dean Examinations	AKTU exam cell; Ombudsman
Faculty or staff conduct	HOD; Registrar	Director; GRC
Clubs or student organisations	Faculty coordinator; Dean Student Welfare	GRC
Hostel or facilities	Warden; Chief Proctor	Dean Student Welfare; GRC
Placements or internships	Placement office; Dean Trainings	Director; GRC
Ragging	Anti-ragging committee; Proctor; helpline 1800-180-5522	Police 112
Sexual harassment	ICC Presiding Officer	Director; police
Discrimination (SC/ST)	SC/ST Committee	Director; GRC; authorities
Disability accommodation	EOFC (fyc@abes.ac.in)	Director; GRC
IT or records	IT help desk; Registrar	GRC
Disciplinary action	Written reply to the notice	Appeal to Director; GRC

22.3 The escalation ladder

1. The faculty, HOD or office concerned.
2. The Registrar, or the Dean for Student Welfare or Examinations.
3. The Grievance Redressal Cell, chaired by the Director.
4. The university Ombudsman at AKTU, or the relevant authority.

In an emergency or crime, call 112 at any step.

22.4 How to write an effective complaint

1. State your name, enrolment number, programme and contact details.
2. Write one clear sentence naming the problem and the office responsible.

3. Give dates, places and names, in order.
4. Attach copies of evidence (receipts, messages, forms) and say what you attach.
5. Say exactly what you want: a correction, a refund, a meeting, an answer by a date.
6. Keep a polite, factual tone. Avoid accusing people without evidence.
7. Send it to the right address, and ask for an acknowledgement.
8. Keep a copy, and note the date and time you sent it.
9. Follow up after a week, quoting the first email.

A ready-made template is in Chapter 29.

22.5 What to expect

The GRC's stated objectives are fair hearing, confidentiality and no victimisation. If you are afraid of retaliation, say so in the complaint and ask how you will be protected. Keep copies of all papers and tell a parent or guardian when the matter is serious.

22.6 External routes (NATIONAL RULE, check applicability)

- AKTU Ombudsman, for university-related matters, as listed in the disclosure.
- AICTE's grievance mechanism for technical-education institutions, through the AICTE website.
- UGC or state authorities where relevant.
- National Anti-Ragging Helpline 1800-180-5522.
- Police at 112 for crimes.
- RTI applications can be filed with public authorities such as a state university or regulator. Whether a private self-financed college is itself covered is a legal question; seek advice before relying on RTI against the college.

22.7 Mistakes to avoid

- Complaining only by phone or on social media.
- Going straight to the top without trying the first office.
- Sending angry, long messages with no facts.
- Missing a time limit stated in a notice.
- Throwing away receipts and replies.

Chapter 23: Certificates and documents

ABES's certificate request procedures, forms, fees and processing times were not found on accessible pages (NOT VERIFIED). The Registrar's office (registrar@abes.ac.in) is the administrative hub named in the disclosure. The table below is a GENERIC guide to who usually issues each document; confirm for your batch, especially if ABES issues its own degrees under autonomy.

23.1 Who usually issues what (GENERIC)

Document	Typical issuer	Typical requirement
Student ID card	ABES, after enrolment	Admission fee paid, photograph; replacement for a fee
Bonafide or enrolment certificate	ABES Registrar or office	Application; used for loans, visas, scholarships
Character or conduct certificate	ABES	No pending disciplinary action; dues clear
Transfer or migration certificate	ABES or AKTU	On leaving; dues clear
Marksheet, transcript, provisional and degree certificate	AKTU (affiliating university)	Applications through the university portal; the college forwards
NOC for internship or travel	HOD or Dean	Written request and host letter
Name or date-of-birth corrections	University, with college recommendation	Affidavit and proof
Duplicate documents	Issuer	FIR or affidavit and fee
Fee structure certificate	Accounts office	For loans and tax

23.2 How to request a certificate (GENERIC)

1. Identify the issuer (college or university).
2. Write a short application stating the document, your enrolment number, and the purpose.
3. Attach receipts for any dues or fees, and a photocopy of your ID card.
4. Submit it to the Registrar's office, and ask for a receipt or token.

5. Ask the expected date in writing.
6. Follow up politely once a week.
7. When collected, check every detail (name spelling, dates, programme) before leaving the counter.

23.3 Plan ahead

Certificates often need days to weeks. Request bonafide letters before loan, visa and scholarship deadlines, and transcripts at least a month before application dates, especially for study abroad. Keep at least five photocopies of every important document and scanned PDFs in cloud storage.

23.4 Corrections

A wrong name, date of birth or parent name can cause trouble in degrees, passports and job verification. Report errors in week one, supported by Class 10 and 12 certificates. Under a university system, corrections usually require a university process. Start early.

23.5 Lost documents

File an FIR or a lost report as required, publish if the issuer requires, then apply for a duplicate with an affidavit and fee. Keep copies of all papers. For a lost ID card, report it to the college office immediately so it cannot be misused.

23.6 Verification requests from employers and universities

Background-verification agencies commonly ask the college and university to confirm your degree. Check that your name and enrolment number are the same on every document, so verification does not stall.

23.7 Original documents held by the college

If you submitted originals at admission, ask for a written receipt listing them, and ask the expected return date. Never leave originals without a receipt.

Chapter 24: Special circumstances

No ABES policy on exchange programmes, study abroad, inter-department transfer, semester break, academic leave, re-entry or deferral was found (NOT VERIFIED). What follows describes typical options (GENERIC) and the questions to ask. In every case, get the answer in writing from the Registrar, HOD or Dean before you act, because a wrong assumption can cost a semester.

24.1 Situations and first steps

Situation	First steps	Who decides
Long illness	Inform the HOD and Dean in writing with medical records; ask about make-up work and exam options	HOD, Dean, university rules
Family emergency	Email the HOD and class coordinator the same day; follow up with proof	HOD
Wish to take a year off	Ask in writing whether a break or withdrawal is allowed, the conditions, and the re-entry process before applying	Director, and the university where applicable
Wish to leave the college	Written application, clearance of dues, library and hostel, collection of originals; refund per AICTE schedule	Registrar, Director
Wish to change branch	Ask the HOD and Registrar whether branch change is possible, the eligibility and the deadline	Director, with university permission
Transfer to another college	Ask the other college about its rules first; then the transfer certificate process here	Both colleges and the university
Re-entry after a break	Approval from the Director and, where applicable, the university	Director
Credit transfer or external course	Only if the scheme permits; get approval before enrolling	Dean, HOD
Financial hardship	Write to the Registrar about instalments; check scholarships and loans (Chapter 4)	Registrar
Pregnancy or childcare	Contact the Dean Student Welfare and the Equal Opportunity Facilities Cell early	Dean, Director
Death of a family member	Inform the HOD and warden; ask for compassionate leave in writing	HOD

24.2 A decision guide for taking a break (guidance)

1. Name the reason and how long you expect it to last.
2. Ask about the academic consequence: attendance, backlog, re-entry year, fee for the repeated year.
3. Ask about hostel and scholarship consequences.
4. Get all answers in writing.
5. Talk to your family and a trusted faculty member.
6. Submit your application before the notified deadline.

24.3 Working-professional programme

ABES lists B.Tech CSE and ECE working-professional tracks (30 seats each in 2024-25). The class schedule, attendance and fee rules for them are not published. Ask the department for the schedule and the written regulations before you enrol.

24.4 International and out-of-state students

Support services for international and out-of-state students are NOT VERIFIED. Ask the Registrar about visa letters, foreigners' registration, hostel options and any extra fees. PMSSS students (J&K and Ladakh) should confirm scheme requirements with the scheme office.

24.5 Students with disabilities

Write early to the Equal Opportunity Facilities Cell (fyc@abes.ac.in). Ask for written confirmation of every accommodation, including examinations, and keep a copy with you in the exam hall.

24.6 Medical leave and returning to study

Keep prescriptions, test reports, hospital bills and a fitness certificate from your doctor stating when you are ready to return. Submit them to the HOD with a covering letter. If your illness affects exams, ask in writing about make-up options.

24.7 Documents to keep for every special case

A dated copy of your application, the reply, any form, the receipt, and the name and designation of each person involved.

Chapter 25: Graduation and alumni

ABES reports 24,000+ alumni worldwide (VERIFIED, homepage) and includes alumni members on its IQAC (VERIFIED, disclosure). Convocation, degree dispatch and alumni-association rules were not found (NOT VERIFIED). For programmes affiliated to AKTU, degrees are awarded by AKTU through its convocation process; if ABES has begun awarding its own degrees under autonomy, that would change, so confirm for your batch.

25.1 Typical graduation requirements (GENERIC)

Requirement	What to check
Credits	All required courses completed, including project and any mandatory internships or non-credit courses
CGPA	The minimum CGPA specified by the university, with all backlogs cleared
Dues	College, library and hostel dues cleared
Returns	ID card and library books returned
Applications	Provisional certificate, degree and convocation applications through the notified portal
Transcripts	Requests after graduation go to the university, with the college verifying

25.2 Final-year checklist

- [ ] Credit audit: list every course, credit and result and confirm the total with the HOD
- [ ] Backlog list: dates of the next exams
- [ ] Project report and viva dates
- [ ] Internship certificates and any mandatory course completion
- [ ] Library and lab clearance
- [ ] Hostel and mess clearance, caution deposit refund
- [ ] Fee receipts and no-dues certificate
- [ ] Provisional certificate application
- [ ] Transcript requests for jobs or higher study
- [ ] Updated contact details with the college and alumni office

25.3 After you graduate

1. Keep your enrolment number and scanned certificates: employers and universities ask for them for years.
2. If you applied for a job before the degree was issued, ask the college for a provisional certificate or a letter confirming completion.
3. If you need transcripts later, apply through the university portal. Plan weeks, not days.
4. Update your records if your name or contact details change.

25.4 Alumni

The 24,000+ alumni figure and the alumni members on the IQAC suggest an alumni network, but the formal alumni association, its membership process and contacts are NOT VERIFIED. Ask the Registrar. Alumni can help with mentoring, internships and referrals. For example, the HUHC initiative was founded in 2012 by an alumnus (VERIFIED, Chapter 11).

25.5 Convocation

On convocation, expect to need your enrolment number, a clearance of dues and sometimes a fee. Ask the office for the notice and the dress code in advance.

Chapter 26: Guide for parents and guardians

The Board of Governors and the Anti-Ragging Committee each include parent members (VERIFIED, March 2025), which shows parents have a formal voice. Parents can reach the college through the main number 0120-7135112 or info@abes.ac.in, and the Registrar at registrar@abes.ac.in. The questions below help you check facts and support your child without taking over.

26.1 Questions to ask before paying any fee

1. What is the full fee for each year, by head, and what is refundable?
2. What is the refund schedule if my child withdraws, and what is the last date?
3. Is the programme AICTE-approved and, where claimed, NBA-accredited for my child's years of study? (The NBA periods in the March 2025 disclosure ended on 30-06-2025.)
4. Which academic rules apply: AKTU's or ABES's own regulations?
5. What is the attendance rule, in writing?
6. How are hostel seats allotted and what do hostel rules say about visits and leave?
7. What does the placement office mean by "placed" and by "offer", and what were last year's figures for the branch?

26.2 How to stay informed without hovering

- Agree a weekly call time with your child.
- Ask about attendance, internal marks and friends, not only results.
- Keep copies of fee receipts and key documents.
- If your child has a problem, encourage them to follow the escalation ladder first (Chapter 22), and step in when they ask, or when safety is at stake.

26.3 Safety and wellbeing

Save the warden's number, the Proctor's office and the college main number. Know the national numbers in Chapter 19. If your child seems low, withdrawn or anxious for weeks, speak to them kindly, then involve a counsellor, doctor or the Your Dost service (Chapter 21). Do not wait for a crisis.

26.4 Visiting

Visitor rules are not published (NOT VERIFIED). Typically, parents visit the hostel's visitor area with ID and registration (GENERIC). Ask the warden before travelling.

26.5 Money and scams

Pay only through official channels and keep receipts. Be careful of anyone offering guaranteed seats, scholarships for a fee, or placement guarantees (Chapters 2, 4 and 20).

26.6 If you have a complaint

Write to the Registrar or the relevant head with facts, dates and what you want; copy your child if appropriate. If it is unresolved, use the Grievance Redressal Cell (Chapter 22). Parents are not barred from raising concerns, but some matters, such as results, are more effective when the student takes the lead.

26.7 Supporting results and setbacks

A backlog or a poor semester is common, and it can be recovered with a plan (Chapter 8). Ask what support your child needs: tutoring, a change in routine, or a conversation with the mentor. Avoid comparisons with other students.

Chapter 27: Master FAQ

Answers are short and point to the chapter with the detail. Where ABES has not published the answer, the reply says so and names the office to ask. Labels follow the same meanings as in the opening chapter.

A. Admission and joining

Is ABES a university? No. It is a private engineering college affiliated to AKTU, Lucknow (college code 032). The 2026 homepage says "Autonomous College since 2025", so ask the Registrar what that means for your batch. (Chapters 1 and 5)

Which exam do I need for B.Tech? The official text says admission follows U.P. Government and university norms. Secondary sources say JEE Main rank through UPTAC counselling. Confirm in the current UPTAC brochure. (Chapter 2)

What rank did students get in earlier years? The March 2025 disclosure lists ranges for 2022 to 2024 by branch. Past cut-offs do not predict future ones. (Chapter 2)

Can I get admission without counselling? Management or direct seats are mentioned in the disclosure as categories, but eligibility and process were not found. Ask Admissions in writing and be careful with agents. (Chapters 2 and 20)

What documents do I need? Typically Class 10 and 12 marksheets, scorecard, allotment letter, category or EWS certificates, domicile, migration certificate, ID, photographs and affidavits. Check the current brochure. (GENERIC; Chapter 2)

Is lateral entry possible? B.Tech lateral entry (3 years) is listed as a programme. Typical eligibility is a diploma or B.Sc. with Mathematics. (Chapter 2)

Does ABES have MCA and M.Tech? Yes, per the disclosure: MCA (2 years, full time) and M.Tech in CSE and ECE. The homepage also lists BCA. (Chapters 1 and 2)

Can working professionals study B.Tech? The disclosure lists CSE and ECE working-professional tracks with 30 seats each in 2024-25; their schedule is not published. (Chapter 24)

Can I withdraw after paying fees and get a refund? Typically the AICTE refund schedule applies at admission. ABES's own policy was not found. Read the schedule and your admission letter before you pay. (GENERIC; Chapters 2 and 3)

Can I change my branch? Not verified for ABES. Typically it is limited, merit-based and subject to vacancies and permission. (Chapters 2 and 24)

What are the fees? No official figure could be retrieved. Secondary sources report about Rs 5.01 lakh for four years on counselling seats in 2025-26, which is not verified. Use the official fee pages or ask Accounts. (Chapter 3)

Is there a fee waiver? Tuition Fee Waiver seats appear in the disclosure, allotted through UPTAC. The exact rule was not found. (Chapters 3 and 4)

When are fees due? Dates are not published in sources accessed. Check the fee notice and the ERP. (Chapter 3)

Can I pay in instalments? Not verified. Write to the Registrar before the due date to ask. (Chapter 3)

What happens if I pay late? Typically a fine and possible bar from classes or exams. ABES's rule was not found. (GENERIC; Chapter 3)

Can I get an education loan? Banks usually need an admission letter, a fee structure certificate and a bonafide from the college. (Chapter 4)

What scholarships can I get? State and national schemes such as the U.P. scholarship, the National Scholarship Portal and AICTE Pragati or Saksham, depending on eligibility. ABES's own merit scholarships are not verified. (Chapter 4)

My scholarship is delayed. What do I do? Check portal status, confirm college verification, check bank-Aadhaar linking, then contact the portal helpdesk. (Chapter 4)

Is the programme AICTE approved? The disclosure shows AICTE approval of 30-06-2024 for 2024-25. Check the AICTE approvals page for later years. (Chapter 1)

Is it NBA accredited? CSE, ECE and ME were accredited to 30-06-2025 per the disclosure. Renewal status was not verified. (Chapter 1)

What is the NAAC grade? Grade A per the disclosure. Validity dates were not stated. (Chapter 1)

B. Academics

Which syllabus applies to me? The disclosure points to AKTU syllabus pages. If autonomy applies to your batch, ABES's own scheme overrides. Ask the Registrar. (Chapter 5)

How is SGPA calculated? Sum of credit times grade point divided by total credits. Worked examples are in Chapter 5. (Chapter 5)

How is CGPA different? It uses all semesters' credits and grade points together, so it is not a simple average of SGPAs. (Chapter 5)

How do I convert CGPA to percentage? Use only the formula published by the university or college. Conversions on websites can be wrong. (Chapter 5)

What is the minimum attendance? Reviews say 75%, and 75% is the common norm at AICTE and AKTU colleges. ABES's written rule was not found, so ask your HOD. (Chapter 6)

How many classes can I miss? At 75%, you may miss one in four. The table in Chapter 6 gives exact numbers for common totals. (Chapter 6)

I have only 68% attendance. What now? Calculate how many classes you must attend, and ask the HOD about condonation with medical or duty proof. (Chapter 6)

Does medical leave count as attendance? It depends on the rule. Ask whether condonation applies and submit proof on time. (Chapter 6)

What about duty leave for events? Get approval before travel and a signed attendance slip after. (Chapters 6 and 11)

Can someone mark my attendance? No. Proxy attendance is misconduct. (Chapters 6 and 9)

Where do I see my timetable? In the department. The disclosure says timetables are available there. (Chapter 5)

Who is my mentor? Typically a class coordinator or faculty mentor assigned per section. Ask your HOD. (Chapter 5)

How are internal marks decided? The disclosure says "as per norms". Ask each faculty member in week one for the split. (Chapters 5 and 7)

What if internal marks are wrong? Tell the faculty in writing before submission, then the class coordinator and HOD. (Chapter 7)

When do exams happen? Dates follow the calendar of your scheme; ABES-specific dates are not published. (Chapters 1 and 7)

What do I carry to the exam hall? Admit card, college ID and permitted stationery. No phones or smart-watches. (GENERIC; Chapter 7)

What is unfair means? Cheating, copying, impersonation or carrying material. It goes to a committee. (Chapter 7)

I missed an exam due to illness. What do I do? Inform the exam cell the same day with medical proof, and ask in writing about a make-up. (Chapter 7)

How do I apply for re-evaluation? In the notified window, with the fee. Check whether it can lower marks. (Chapter 8)

What is a backlog? A paper not yet passed. It must be cleared in a later exam with a separate form and fee. (Chapter 8)

How many backlogs can I carry? Not verified for ABES. Ask the Dean Examinations. (Chapter 8)

Can I improve my grade? Not verified. Do not register without written confirmation. (Chapter 8)

Are there minors or honours? Not verified. Ask your HOD for the scheme document. (Chapter 5)

Is there a feedback system for faculty? Yes. Each student fills an online feedback form each semester. (Chapters 5 and 12)

C. Campus life, hostel and facilities

What clubs exist? The homepage says 11 clubs and highlights TEDx, Genero, TechFest and Utsaah. Other groups include NCC, UBA, HUHC and LDL. (Chapter 11)

How do I join a club? Watch for recruitment notices and ask Student Welfare. (Chapter 11)

How do I start a club? Typically, a proposal to the Dean Student Welfare with objectives, a constitution and a faculty coordinator. (GENERIC; Chapter 11)

Is there a student council? Not verified. Students do sit on several committees. (Chapter 12)

Are hostels on campus? Yes. Capacity counts differ between sources. (Chapter 13)

How many seats are there? The March 2025 disclosure lists 1033 boys' and 458 girls' seats. (Chapter 13)

What are the hostel fees? Not retrieved for ABES Engineering College. Ask the Registrar or warden. (Chapter 13)

What are hostel timings? Not published. Typical hostels have an evening curfew. Ask your warden. (Chapter 13)

Can parents visit? Typically in the visitor area with ID. Ask the warden. (Chapter 13)

Can I keep an induction stove or heater? Typically no. Ask for the written rules. (Chapter 13)

Is there a mess and canteen? Yes. Five canteens on campus, two in hostels, and seven messes. (Chapter 14)

Is there a gym or sports? Yes. See the list in Chapter 14, including a pool and a floodlit cricket stadium. (Chapter 14)

How big is the library? The sources give different counts; see Chapter 14 and conflict C-6. (Chapter 14)

Is there Wi-Fi? The disclosure lists 1 Gbps bandwidth and 1,440 PCs. Wi-Fi rules were not published. (Chapter 20)

Is there a medical room? Yes, with a doctor and ambulance. Hours were not published. (Chapter 14)

Is there a bus service? Not verified. Ask the Registrar. (Chapter 15)

Is there parking? Not verified. Ask about permits and licence rules. (Chapter 15)

Is the campus accessible? The disclosure states a barrier-free environment. (Chapters 10 and 14)

Where is the campus? 19th KM Stone, NH-09, Ghaziabad-201009, Uttar Pradesh. (Chapters 1 and 15)

D. Placements, internships and careers

What were the placement numbers? The 2026 homepage summary says 1,289 placements, 1,870 offers, highest 45 LPA, median 4.50 LPA and 80.06% placement. These are unaudited, and definitions are not given. (Chapter 16)

Does everyone get placed? No. The 80.06% rate itself implies some students were not placed. Branch, CGPA and skills affect outcomes. (Chapter 16)

Which branch has the best placements? The March 2025 disclosure shows 2023 averages by branch, with CSE highest at Rs 7,49,651. An average hides a wide spread. Ask for medians by branch. (Chapter 16)

Which companies visit? The homepage lists 500+ recruiters including Amazon, Microsoft, Accenture, Adobe, Capgemini, Cognizant, TCS, Infosys, DXC and Cisco. Who visits your branch in your year is not guaranteed. (Chapter 16)

What CGPA do I need for placements? Each company sets its own cut-off; ABES's policy is not published. (Chapter 16)

Can I sit for placements with a backlog? Many companies bar active backlogs. Ask the placement cell for the rule. (Chapter 16)

Can I take multiple offers? ABES's rule is not verified. Many colleges use a tiered system. (Chapter 16)

Do I need permission for an internship? Typically an HOD NOC and an offer letter. (Chapter 16)

Are internships mandatory? Not verified for ABES. Under some schemes they carry credit. (Chapter 16)

How do I prepare for coding interviews? Practise data structures and algorithms steadily from year 2, build projects, and do mock interviews. (Chapter 16)

Does ABES help with GATE or study abroad? Not verified. See Chapter 17 for how to plan on your own. (Chapter 17)

Can I start a startup while studying? The homepage cites 54 incubated startups. The terms are not published, so clarify ownership and attendance in writing. (Chapter 17)

Who owns an invention I make in college? Typically the institute's IPR policy applies if you used college resources. ABES's policy was not found. (Chapter 18)

E. Safety, wellbeing and rights

What do I do if I am ragged? Call 112 if in danger, report to the Proctor or Anti-Ragging Committee, or call 1800-180-5522. (Chapter 10)

Whom do I approach for sexual harassment? The Internal Complaints Committee Presiding Officer. (Chapter 10)

Can I complain anonymously? Not verified. Ask the committee how anonymous or confidential reports are handled. (Chapter 10)

What if I fear retaliation? The GRC's stated objectives include protection from victimisation. Say so in your complaint and ask how you will be protected. (Chapter 22)

Is there counselling? Yes. Your Dost offers confidential sessions per the Life@ABES page. (Chapter 21)

Whom do I call in an emergency? 112. Campus security numbers were not published, so save them on day one. (Chapter 19)

What if I feel very low? Talk to someone you trust now, contact counselling or a doctor, and call 112 or Tele-MANAS (14416) if you may harm yourself. (Chapter 21)

Where do I report cyber fraud? 1930 and cybercrime.gov.in. (Chapters 19 and 20)

Can I protest or hold a demonstration? Typically only with prior permission and without disrupting classes. (Chapter 9)

What if I am accused of misconduct? Ask for the notice in writing, reply in writing, and ask for a hearing and the appeal route. (Chapter 9)

F. Complaints and special situations

Where do I complain? Start with the office concerned, then the Registrar or Dean, then the GRC, then the AKTU Ombudsman. (Chapter 22)

How long will the GRC take? ABES does not publish a resolution time. (Chapter 22)

Can I take a year off? Not verified. Ask in writing before applying. (Chapter 24)

Can I transfer to another college? Not verified. Ask both colleges and the university. (Chapter 24)

What if I fall seriously ill? Inform the HOD and Dean in writing with medical records, and ask about make-up options. (Chapters 6 and 24)

What if I cannot pay fees on time? Write to the Registrar before the due date to ask for an extension or instalments. (Chapter 3)

What if I am a person with a disability? Write to the Equal Opportunity Facilities Cell early. (Chapters 10 and 24)

G. Documents, IT and administration

How do I get a bonafide certificate? Apply to the Registrar's office with a short written request and state the purpose. (Chapter 23)

Who issues my marksheet and degree? For AKTU-affiliated programmes, AKTU. If ABES issues its own under autonomy, ask the Registrar. (Chapters 23 and 25)

My name is spelled wrong on a document. What now? Report it early with proof and follow the correction process. (Chapter 23)

What if I lose my ID card? Report it to the office immediately and apply for a duplicate. (Chapter 23)

How do I get a transcript? Through the university portal, with the college verifying; plan weeks ahead. (Chapters 23 and 25)

What if the portal does not work? Reset, try another browser, ask the IT help desk or class coordinator, and email the Registrar if a deadline is at risk. (Chapter 20)

Is my data protected? National data-protection law applies, but ABES's policy was not found. Ask the Registrar. (Chapter 20)

Can I use AI tools for assignments? ABES's policy was not found. Follow each course's rule and disclose use where required. (Chapter 18)

Where do I find official notices? The ABES website and your department notice boards. The Mandatory Disclosure may be dated. (Chapters 1 and 28)

What if two sources disagree? Follow the newer official document and ask the Registrar. Conflicts are listed in Chapter 31. (Chapter 31)

Chapter 28: Contacts and offices

Only institutional emails and phones published by ABES are listed. Personal mobile numbers of staff and students that appear in the Mandatory Disclosure are deliberately left out. For anything not listed, call the main number and ask for the office, then write down the name and date.

28.1 Published contacts (VERIFIED, March 2025 unless stated)

Office	Contact
Main office and information	0120-7135112; fax 0120-7135115; info@abes.ac.in
Main mobile	+91-9999889341

Office	Contact
Director	director@abes.ac.in
Registrar and academic administration	registrar@abes.ac.in
Dean Campus Life & Student Welfare	dcsw@abes.ac.in; dosw@abes.ac.in (listed in the SC/ST table)
Chief Proctor	rati.panda@abes.ac.in
First Year Coordinator and Equal Opportunity Facilities Cell	fyc@abes.ac.in
Grievance Redressal Member Secretary	pragati.srivastava@abes.ac.in
Website administrator	webadmin@abes.ac.in
Anti-ragging committee	Director and Proctor above; Ghaziabad DM office 0120-2829040; SSP office 0120-2820758
ICC Presiding Officer	Dr. Bhanumati Panda, via the Registrar
Admissions	https://erp.abes.ac.in/onlineenquiry; info@abes.ac.in
Examination cell	No contact published; Dean Examinations is Dr. R.K. Tiwari per the IQAC list

28.2 Not publicly verified

Accounts and scholarships, hostel administration, library, placement cell, IT help desk, medical centre, campus security, international office and alumni office have no published dedicated emails or phones. Ask the Registrar for each, and save them from your orientation papers.

28.3 Which office for which question

If your question is about	Ask
Admission, documents at joining	Admissions office
Fees, receipts, refunds	Accounts office, then Registrar
Scholarship forms	Scholarship desk or Registrar
Attendance, internal marks	Course faculty, class coordinator, HOD
Exams and results	Exam cell, Dean Examinations

If your question is about	Ask
Certificates	Registrar
Hostel	Warden, Chief Proctor, Dean Student Welfare
Clubs and events	Faculty coordinator, Dean Student Welfare
Placements and internships	Placement office, Dean Trainings
Research and projects	Guide, HOD, Dean Research
Ragging, harassment, safety	Proctor, ICC, Anti-Ragging Committee, 112
Disability support	EOFC
Complaints	GRC

28.4 How to write a good first email

1. Use a clear subject: "Enrolment 123456 - bonafide certificate request" (use your own number).
2. Address the person or office, and state your name, programme and year.
3. Ask one question, with the date you need the answer.
4. Attach any receipt or document.
5. Thank them, and sign with your phone number.

28.5 National and external contacts

Body	Contact
Emergency	112
Anti-Ragging Helpline	1800-180-5522; helpline@antiragging.in
Cyber-crime	1930; cybercrime.gov.in
Women helpline	1091 (181 in many states)
Tele-MANAS (mental health)	14416 (confirm on the official page)
AKTU	https://aktu.ac.in
National Scholarship Portal	scholarships.gov.in
U.P. scholarship	scholarship.up.gov.in

Chapter 29: Letter and application templates

These are ready-to-edit samples. Replace every item in square brackets, keep the tone polite and factual, attach evidence, and keep a dated copy. They are not official ABES forms; if ABES has a prescribed form, use that instead.

29.1 Medical leave and condonation request

```
To,
The Head of Department, [Department]
ABES Engineering College, Ghaziabad

Subject: Request for medical leave and condonation of attendance

Respected Sir/Madam,

I am [Name], enrolment number [number], [programme], [year/semester], section
[section].
I was unwell from [date] to [date] and could not attend classes. I attach my
medical certificate and prescriptions.
My attendance is currently [x]%. I request that the leave be recorded as
medical leave and that condonation be considered under the applicable rules.

Thank you for your kind consideration.

Yours sincerely,
[Name], [phone], [date]
Enclosures: [list]
```

29.2 Duty leave for an event

```
Subject: Request for duty leave for [event name]

Respected Sir/Madam,

I will represent the college at [event], [place], from [date] to [date]. The
event is approved by [faculty coordinator]. Please grant duty leave for those
dates. I will submit the participation certificate on return.

[Name, enrolment number, signature, date]
Approval: [Faculty coordinator signature]
```

29.3 Bonafide or enrolment certificate

```
To, The Registrar

Subject: Request for bonafide certificate

Respected Sir/Madam,

I am [Name], enrolment number [number], studying [programme] in [year]. I need a bonafide certificate for [loan / scholarship / passport / visa / internship] and request it by [date]. I attach my ID card copy and fee receipt.

Yours sincerely, [Name, phone, date]
```

29.4 NOC for internship

```
To, The Head of Department

Subject: Request for NOC for internship at [company]

I have received an internship offer from [company] for [duration] starting [date] (offer letter attached). I request a No-Objection Certificate and permission, and I will complete missed coursework as directed.

[Name, enrolment number, date]
```

29.5 Fee extension or instalment request

```
To, The Registrar

Subject: Request for extension/instalments for [fee name]

I am [Name], enrolment number [number]. The due date for [fee] is [date]. Because of [brief, truthful reason], I request [an extension until date / payment in N instalments on dates]. I attach supporting documents. I will pay on the agreed dates.

[Name, phone, date]
```

29.6 Fee receipt discrepancy

```
To, The Accounts Officer (copy: Registrar)

Subject: Payment of Rs [amount] on [date] not reflected

I paid Rs [amount] on [date] through [mode]; the transaction reference is
[reference]. The college record shows [what you see]. I attach the receipt
and bank statement entry. Please update the record and confirm in writing.

[Name, enrolment number, phone]
```

29.7 Re-evaluation or result query

```
To, The Dean Examinations / Examination Cell

Subject: Query regarding result of [course name and code], [semester]

My result for [course] shows [marks/grade]. My internal marks were [x] as per
my record. I request a check for any clerical error and information on the
re-evaluation procedure. I attach my admit card and marksheet copy.

[Name, enrolment number, date]
```

29.8 Scholarship verification request

```
To, The Registrar / Scholarship Nodal Officer

Subject: Verification of scholarship application [application ID]

My application for [scheme] shows as pending at the institute. Please verify
and forward it before the last date of [date]. I attach my admission letter,
fee receipt and application printout.

[Name, enrolment number, phone]
```

29.9 Formal grievance

```
To, The Chairperson, Grievance Redressal Cell (copy: Registrar)

Subject: Grievance regarding [issue]

I am [Name], enrolment number [number], [programme/year].

Facts:
1. On [date], [what happened].
2. On [date], I contacted [office/person] who said [reply].
3. The issue remains unresolved.

Documents attached: [list].

I request: [specific outcome and date].

I request confidentiality and protection against any adverse action. Please
acknowledge receipt.

[Name, phone, email, date]
```

29.10 Hostel complaint or room change

```
To, The Warden, [Hostel name]

Subject: Request for [room change / repair / mess issue]

I am [Name], room [number]. On [dates], [problem described briefly with
facts]. I request [action]. If unresolved, I will approach the Chief
Warden/Dean Student Welfare.

[Name, date]
```

29.11 Request for disability accommodation

```
To, The Nodal Officer, Equal Opportunity Facilities Cell (fyc@abes.ac.in)

Subject: Request for accommodations for [exam/classes/hostel]

I am [Name], enrolment number [number]. I have [condition] (documents
attached). I request [extra time / scribe / ground-floor room / other] for
[period]. Please confirm in writing.

[Name, phone, date]
```

29.12 Withdrawal or leaving the college

```
To, The Director (through the Registrar)

Subject: Application for withdrawal from [programme]

I am [Name], enrolment number [number]. For [reason], I wish to withdraw from
the programme with effect from [date]. Kindly guide me on clearance, the
refund as per the applicable rules, and return of my original documents (list
attached).

[Name, parent/guardian signature, phone, date]
```

Chapter 30: Checklists and year-by-year timelines

These are working checklists (GENERIC). Tick them off, and replace any item that your department notice contradicts.

30.1 First week

- [ ] Collect your ID card and keep it with you
- [ ] Verify submitted documents and get a receipt for any originals
- [ ] Submit the anti-ragging affidavit
- [ ] Note your timetable, mentor and class coordinator
- [ ] Save emergency numbers (Chapter 19) and the warden's number
- [ ] Hostel: sign the room inventory and photograph damage
- [ ] Set up ERP, email and passwords (Chapter 20)
- [ ] Ask for written attendance, conduct and hostel rules
- [ ] Apply for scholarships and loans with deadlines noted

30.2 Every semester

- [ ] Fee payment and receipt filed
- [ ] Course list, syllabus and internal-marks split collected
- [ ] Calendar of tests, assignments and labs made
- [ ] Weekly attendance check
- [ ] Internal marks verified before submission
- [ ] Exam form, admit card and eligibility checked
- [ ] Faculty feedback form submitted
- [ ] Result checked, SGPA recalculated

30.3 Four-year view

Year	Academics	Skills and career	Life
1	Learn the study system, protect attendance, build maths and programming basics	Join one club; start a coding or hardware habit	Settle in, keep health routines
2	Core subjects; no backlogs	Data structures and algorithms, first project, first resume	Take a leadership role in a club if academics are safe
3	Specialisation and electives	Internship; mock interviews; decide placement, GATE, MBA or abroad	Build a network of mentors
4	Project, viva, clear any backlog	Placement drives, applications, offer evaluation	Clearance, transcripts, alumni

30.4 Exam fortnight

- [ ] Admit card, ID, stationery in a folder the night before
- [ ] Exam hall location checked
- [ ] Sleep schedule fixed
- [ ] Previous papers solved under time
- [ ] Phone and smart-watch left out of the hall

30.5 Hostel move-in and move-out

- [ ] Inventory sign-off and photographs
- [ ] Caution deposit receipt
- [ ] Electrical check
- [ ] Clearance slip on exit

30.6 Joining a club or organising an event

- [ ] Recruitment notice and timings
- [ ] Faculty coordinator confirmed
- [ ] Proposal, budget, approvals
- [ ] Venue booked, safety plan
- [ ] Bills and report submitted

30.7 Internship and placement preparation

- [ ] HOD NOC and offer letter
- [ ] Resume reviewed by two seniors
- [ ] Aptitude and coding practice plan
- [ ] Mock interviews booked
- [ ] Eligibility rules for each drive read
- [ ] Documents scanned and ready

30.8 Graduation clearance

- [ ] Credits and CGPA confirmed
- [ ] Backlogs cleared
- [ ] Dues, library and hostel clear
- [ ] Project and internship records complete
- [ ] Degree and convocation forms filed

Chapter 31: Verification, conflicts and open items

This edition carries over the research of 15 October 2026: official ABES pages accessed were the homepage, Life@ABES, the GRC page and the Mandatory Disclosure of 18 March 2025. The fee pages returned an access error. No new web research was done for version 2.0; the added depth comes from national rules and generic practice, all labelled. Conflicts are listed, not resolved.

31.1 What changed from version 1.0

Change	Detail
Added chapters	Admissions, scholarships, parents, FAQ and templates now have their own depth; new chapters cover daily life, higher studies and career planning
Corrected	The attendance example in Chapter 6: the first edition's "6 more classes" figure ignored that each attended class also adds to the total held; the corrected formulas are in Chapter 6
Added worked examples	SGPA, CGPA, attendance, budget
Not changed	Every verified fact and every conflict keeps its original label

31.2 Conflicts register

ID	Topic	Source A	Source B	Assessment
C-1	Affiliation vs autonomy	Disclosure (Mar 2025): affiliated to AKTU; curriculum per university	Homepage (2026): Autonomous College since 2025; a secondary source says it runs its own curriculum	Homepage is newer. Do not assume AKTU ordinances apply; ask the Registrar
C-2	Seat intake	Disclosure 2024-25: CSE 1080, AIML 180, DS 180, ECE 180, ELCE 120, ME 60	Homepage: CSE 900, AIML 360, DS 180, ECE 180, ELCE 120, ME 60, BCA 120	Possibly different years; the homepage is undated
C-3	Dean of Student Welfare	Disclosure: Mr. Mohit Misra (Dean Campus Life & Student Welfare); another table: Prof. Pankaj Kumar Sharma	Life@ABES: Prof. (Dr.) Amita Tripathy	Life@ABES is undated but probably later; confirm
C-4	Hostel count	Disclosure: 4 boys' (1033 seats), 3 girls' (458 seats)	Life@ABES: 6 boys' and 2 girls' hostels	Unresolved

ID	Topic	Source A	Source B	Assessment
C-5	Campus area	Homepage: 15.77 acres	Life@ABES: 17-acre	Unresolved
C-6	Library holdings	Life@ABES: 112,334 books; 1,224 e-journals; 8,074 e-books	Disclosure: 115,122 books; 8,069 titles; 179 national and 1,045 international journals	Different counting; unresolved
C-7	Placement statistics	Homepage 2025: 60 LPA highest, 1,692 offers	Homepage 2026: 1,289 placed, 45 LPA, 1,870 offers; a secondary source: 2025 highest 39 LPA, average 5.27 LPA	Different years and definitions
C-8	NBA validity	Disclosure: CSE, ECE, ME accredited to 30-06-2025	Homepage still says NBA Accredited	Renewal not verified

31.3 Outstanding information

Missing item	Why	Next step
Fee amounts (B.Tech, M.Tech, MCA, hostel)	Official fee pages returned an access error	Open the three fee URLs in a browser or ask Accounts
Academic regulations and examination ordinance	Not located; the governing scheme is unclear	Request the ordinance for your admission year
Written attendance rule	Only secondary evidence of 75%	Request the written regulation
Code of conduct, hostel rules, IT policy, IPR and AI policy	Not located	Ask Student Welfare, wardens, IT and the Dean Research
Club constitutions, official club list, contacts	Only 11 clubs mentioned, four named	Ask the Dean Student Welfare
Student council and elections	Not located	Confirm whether one exists
Transport, parking, printing, lost and found	Not located	Ask the Registrar

Missing item	Why	Next step
Certificate request forms and timelines	Not located	Ask the Registrar
Exchange, study abroad and readmission policies	Not located	Ask the Dean
Student ERP and LMS login URLs	Not public	Orientation
Current-year academic calendar	Only an AKTU circular link	Check AKTU and ABES notices
Latest Mandatory Disclosure after March 2025	Not retrieved	Check the ABES disclosure page

31.4 Policy currency check

The disclosure is dated 18 March 2025 and reports AICTE approval for 2024-25. NBA periods ending 30-06-2025 have expired. Committee memberships (anti-ragging, ICC, GRC) were more than 18 months old at the verification date. All are flagged as possibly outdated.

31.5 Declaration

This handbook is not exhaustive and is not an official ABES publication. Significant areas (fees, academic and examination regulations, conduct code, certificates) remain unverified. Generic and typical content is included only to show what to ask and is never to be taken as an ABES rule. Official ABES regulations and later amendments take precedence over this compilation.

Appendices

Appendix A: Glossary

Term	Meaning
AICTE	All India Council for Technical Education, the national regulator for technical education
AKTU	Dr. A.P.J. Abdul Kalam Technical University, Lucknow; ABES's affiliating university

Term	Meaning
Autonomous college	A college allowed to design its own curriculum, conduct exams and declare results under a university degree
Backlog / carry-over	A course not yet passed that must be cleared later
BoG	Board of Governors, the governing body of the institute
CGPA / SGPA	Cumulative / Semester Grade Point Average
Condonation	Official relaxation of a shortage, usually of attendance
CTC / LPA	Cost to company / lakh rupees per annum
CUET	Common University Entrance Test
EOFC	Equal Opportunity Facilities Cell
EWS	Economically Weaker Section reservation
FW / TFW	Tuition Fee Waiver seat
GATE	Graduate Aptitude Test in Engineering
GRC	Grievance Redressal Cell or Committee
ICC	Internal Complaints Committee for sexual-harassment complaints
IQAC	Internal Quality Assurance Cell
JEE Main	Joint Entrance Examination (Main), the basis for B.Tech counselling
KM	Kashmiri Migrant seat category
Lateral entry	Direct admission to second year of B.Tech for diploma holders
NAAC / NBA / NIRF	National Assessment and Accreditation Council / National Board of Accreditation / National Institutional Ranking Framework
NCC	National Cadet Corps
NOC	No-objection certificate

Term	Meaning
PMSSS	Prime Minister's Special Scholarship Scheme (J&K and Ladakh students)
Proctor	Officer responsible for student discipline and campus order
UBA	Unnat Bharat Abhiyaan
UPTAC	Uttar Pradesh Technical Admission Council, which runs state B.Tech counselling

Appendix B: Where to find things

Topic	Chapter
Accreditation, leadership, departments	1
Admission, cut-offs, documents	2
Fees, refunds, budgeting	3
Scholarships, loans	4
Curriculum, SGPA, CGPA	5
Attendance and leave	6
Exams	7
Results, backlogs, re-evaluation	8
Conduct, discipline	9
Ragging, harassment, equal opportunity	10
Clubs, fests, NCC, UBA	11
Representation and feedback	12
Hostel	13
Library, labs, sports, medical	14
Getting around	15
Placements, internships	16
GATE, MBA, abroad, startups	17

Topic	Chapter
Projects, research, AI use	18
Safety and emergencies	19
IT and privacy	20
Counselling and health	21
Grievances and appeals	22
Certificates	23
Special circumstances	24
Graduation, alumni	25
Parents	26
FAQ	27
Contacts	28
Templates	29
Checklists	30
Conflicts and open items	31

Appendix C: Revision history

Version	Date	Change
1.0	15 Oct 2026	First compiled edition (41 pages). Research limited to accessible official pages and secondary sources
2.0	15 Oct 2026	Expanded edition: adds worked examples, step-by-step procedures, scenarios, parent guide, FAQ, templates and checklists; corrects the attendance example; no new web research

Appendix D: Source register

Codes S1 to S10 are used throughout. Secondary sources are cited only for orientation. All were accessed on 15 October 2026 in the first edition.

ID	Title	URL	Type	Status
S1	ABES homepage	https://www.abes.ac.in/	Official, undated page	Verified
S2	Life@ABES	https://www.abes.ac.in/life-at-abes.html	Official, undated	Verified
